Subject: Gold Alert/Critically Missing Adults

Hi Cathlene,

Sen. Johnson would like a bill drafted that creates a "Gold Alert" system similar to the "Amber" and "Silver" alerts. The Gold Alert would be for missing at-risk veterans, and the criteria for an alert would be:

- 1) Veteran or active-duty member of armed forces
- 2) They are believed to have PTSD, Traumatic Brain Injury, or other service-related physical or mental health condition
- 3) There is a reasonable believe that the missing person's disappearance is due to their service-related physical or mental health condition
- 4) The request is made within 72 hours of the individual's disappearance

Sen. Johnson would also like to codify that a missing veteran or active duty member of the military with a service-related physical or mental health condition shall be deemed as a critically missing adult by law enforcement within 72 hours of the individual's disappearance.

Thanks, and please let me know if you have any questions regarding this request.

Subject: RE: Changes to LRB 4027

Hello,

One more change and I think we'll be ready to go. We'd like to strike the language "post traumatic stress disorder, traumatic brain injury, or other" from the last paragraph of the bill so that the text simply reads "...his or her physical or mental health condition..." in order to make the meaning of the passage broader and more inclusive sounding. Similarly, we'd like to change the last line of the second to last paragraph to read, "...who is believed to have a physical or mental health condition that is related to his or her service."

Thanks for all your help,

Peter

Hello,

We've gotten more feedback and we would like to make a few more tweaks to the definition of "veterans at risk." In line five of page three, we would like to change the term "Wisconsin army national guard" to "national guard." This would eliminate the need for "the army national guard of the United States" in lines five and six. Also, "or the US army reserve" in line six should be changed to "or the US military reserves" in order to include reserves from the navy, marines, etc.

Thanks again,

Peter

Hi Cathlene,

Thank you for the draft. A few changes that I don't think were communicated by our office are:

On Page 3, for the definition of "veteran at risk" we would like it broadened to include all member of the national guard and reserves.

- 1) We'd like it to say "the national guard" instead of "Wisconsin army national guard"
- 2) You can then delete "the army national guard of the United States"
- 3) You can say "military reserve forces of the United States" instead of "U.S. army reserve"

Thank you, and let me know if you have any questions!
