Analysis by the Legislative Reference Bureau

This bill requires the Department of Public Instruction to publish its annual school and school district accountability report by November 30, rather than in September. The school accountability report provides information about pupil achievement in reading and mathematics and rates of high school graduation, among other measures.

This bill also changes the date by which DPI must determine whether a school is eligible to be placed in the Opportunity Schools and Partnership Program. Under current law, a school is eligible to be placed in the OSPP based in part on how the school performed on the two most recent accountability reports prepared for the school and DPI must make this determination by October 15. This bill changes the date to November 30.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

4 **SECTION 1.** 115.28 (10m) (a) (intro.) of the statutes is amended to read:
