Please see email chain below. This looked like a UW draft, and I entered it as such. Now it looks like a DHS grant program (UW is just the grant recipient). Please let me know what you think.

Thanks.

Hi Aaron,

I'd say \$250k/FY.

Here are some additional guidelines for you:

The Department of Health Services shall make an annual grant of \$250,000, beginning in the second year of the 2017-19 biennium and continuing in subsequent biennia, to the University of Wisconsin School of Nursing to support the Graduate Psychiatric-Mental Health Program. The Program shall use the funds for the following purposes: expanding the number of students studying to become Psychiatric Mental Health Nurse Practitioners, provided that students benefiting from these funds must commit to passing board certification and to practicing in Wisconsin for at least two years after graduation; expanding the instructional capacity available to teach students studying to become Psychiatric Mental Health Nurse Practitioners; and to provide fellowships to students participating in clinical rotations in underserved or rural communities in Wisconsin.

Let me know if I can help.

Sounds good.

Mostly I was wondering if this was \$500K per fiscal year ( eg FY 2017-18, FY 2018-19), or \$250K per fiscal year, or \$500K in one-time funding.

Also wanted to confirm that the money was intended to be allocated to the UW Madison School of Nursing to educate and train graduate students to become certified psychiatric nurses.

(Or was it intended to fund the psychiatric mental health certificate program ? - linked here: <https://nursing.wisc.edu/certificates/psych-nursing/> , which is a certificate program for students who already hold a graduate degree in nursing)

Thanks.

Hi Aaron,

Thanks for reaching out. Tomorrow I am speaking with a Professor we are working on this with, would you mind if I followed up with you after that? Or if you have questions I can be sure to ask the professor.

Thanks so much,

Chris

Hi Tami,

Hope you had a great holiday! I have one small change for our LRB-4955 draft.

1. I (1) please replace "...students studying psychiatric mental health nursing." to "students studying to be board eligible as psychiatric mental health nurse practitioners." This change is not necessary if you are comfortable with money going to nurses earning a PhD. However, point 2 indicates you want the funds to go to prepare clinicians.

Thank you!
