Hi Sandy,

Per our conversation yesterday, to include the private nonprofit colleges and universities, you could add the following language after each reference to the University of Wisconsin System - "or any private, nonprofit postsecondary institution that is a member of the Wisconsin Association of Independent Colleges and Universities." to lines 4, 8 and 16 of the bill draft. Also, it would need to say Chancellor or President.

Below are links to information on Lakeland University's CAPP program and St. Norbert's program that I mentioned yesterday.

<https://lakeland.edu/Academics/concurrent-academic-progress-program>

This year, Lakeland University has 635 students enrolled in CAPP courses from the following high schools: Cedar Grove, Elkhart Lake, Evansville, Howards Grove, Kohler, Menomonee Falls, Oostburg, Plymouth, Shawano, Sheboygan Falls, Sheboygan North, Sheboygan South, and Winneconne.

St. Norbert College has a similar number of students annually that participate. Information can be found at the following link

<http://www.snc.edu/ccp/> . The schools they work with can be found here. <http://www.snc.edu/ccp/schools.html>

Other members have similar programs but sharing these examples as they are the most robust.

I will be out of the office this morning for a minor surgery but feel free to contact Dr. Wegenke if you need additional information or have questions. He would be more than happy to discuss this with you. He can be reached at rolf.wegenke@waicu.org or

substitute amendment

Analysis by the Legislative Reference Bureau

This bill excludes certain college-level courses offered to high school pupils enrolled in a public school from the Early College Credit Program.

Under the ECCP, a high school pupil, including a high school pupil attending a private school, may enroll in an institution of higher education for the purpose of taking one or more nonsectarian courses. Also under the ECCP, "institution of higher education" is defined to mean an institution within the University of Wisconsin System, a tribally controlled college, and a private, nonprofit institution of higher education located in this state. Under the ECCP, a pupil may take the course to earn high school credit or postsecondary credit or both. The cost of tuition for each course is divided among the Department of Workforce Development, the school board of the pupil's school or the governing body of the private school the pupil attends, and the pupil. The share that each responsible party pays is dependent on whether the course is taken for high school credit or postsecondary credit and whether a course similar to the course taken at the institution of higher education is comparable to a course offered by the school board or private school.

substitute amendment

This bill provides that a course that satisfies all of the following requirements is not a course under the ECCP:

- 1. The course is offered to pupils under an agreement between a school board and the chancellor of one of the four-year institutions of the University of Wisconsin System before, on, or after the effective date of the bill.

2. Instruction in the course takes place in a school building in the school district or a school district facility.

3. The teacher who provides instruction in the course is employed by the school district and has been certified or approved to teach the course by the participating University of Wisconsin System institution. *or private nonprofit postsecondary institution*

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
