Good morning, Lis –

We'd like to request three new separate bill drafts.

To help, I've attached a PDF that has each of the languages we'd like.

Here is what they are:

- 1) A bill draft that would only include the scholarship language (section 5 of LRB 3844).
- 2) A draft that would only change the matching grants to 10% (section 8 and 9 of LRB 3716).
- 3) A draft that would simply repeal the word "only" from 24.605

As always, thank you in advance for all of your work!

-Lue

AN ACT *to repeal* 36.49 (1); *to amend* 20.285 (1) (rm) (title), 36.49 (title) and 36.49 (3); and *to create* 23.0912 (1b) (c), 23.0912 (1k), 24.13 and 36.49 (4) of the statutes; **relating to:** ~~management by the Department of Natural Resources of public lands owned by the Board of Commissioners of Public Lands; merit scholarships for certain University of Wisconsin System students; and making an appropriation~~ *at the request of the state treasurer.*

**Analysis by the Legislative Reference Bureau**

This bill requires the Department of Natural Resources to manage public lands under the Board of Commissioners of Public Lands' jurisdiction and requires the Board of Regents of the University of Wisconsin System to award merit scholarships to certain students. *move*

**Management of public lands.** Under this bill, DNR is required to perform all land management, maintenance, and improvement activities on public lands under BCPL's jurisdiction under a contract with BCPL, and on normal school lands acquired by the UW System from BCPL under a contract with the Board of Regents. The bill requires that both contracts provide for reimbursement to DNR for DNR's costs in performing these activities.

**Wisconsin Merit scholarships.** The bill requires the Board of Regents to award merit-based annual \$5,000 scholarships to students enrolled in two-year or four-year UW schools who have graduated from an in-state high school or been

granted a high school diploma by the administrator of an in-state home-based private educational program. The scholarships are called "Wisconsin Merit scholarships." The bill requires the Board of Regents to determine student merit based on performance on standardized college entrance examinations and, if applicable, cumulative high school grade point averages. Under current law, income and interest from the normal school fund is appropriated to the Board of Regents to do the following annually: 1) make need-based grants totaling \$100,000 to students at the Nelson Institute for Environmental Studies who are members of underrepresented groups; 2) provide scholarships totaling \$100,000 to students enrolled in the sustainable management degree program through the UW-Extension; and 3) award the balance to the UW-Stevens Point for environmental programs. Under the bill, the need-based grants are eliminated and the Board of Regents must provide \$200,000 annually to the UW-Stevens Point for environmental programs and award the balance in the scholarships required under the bill.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

Lis -

Regarding LRB 3990/P1, can you make two changes:

- 1) Page 2, Line 9: change 200,000 to 300,000 ✓
- 2) Delete all of Section 3. ✓

After those changes are made, can you turn it into a /1?

Thank you!
