Fiscal Estimate Narratives DATCP 7/24/2017

LRB Number 17-2296/1	Introduction Number	AB-0413	Estimate Type	Original			
Description							
the display and sale of novelty lighters and providing a penalty							

Assumptions Used in Arriving at Fiscal Estimate

This bill prohibits the retail sale of novelty lighters to minors and prohibits the display for retail sale of novelty lighters in an area of a retail establishment that is accessible to the general public.

The department anticipates a temporary increase in workload upon passage of this bill. While the department does not know the number of retailers that display and sell novelty lighters, these items are commonly available at retail stores and are available in great supply. In consideration of this, the department will need to educate retailers about the new law by providing outreach and information to various organizations and industry associations.

After retailers have a sufficient period of time to comply, the department will conduct inspections and investigations. Based on prior experience implementing new laws, the department will need to use various degrees of enforcement action to bring some retailers into compliance.

In addition, the department assumes, as with any new consumer protection law, there will be an increase in consumer complaints. History shows that increases resulting from consumer safety legislation are typically temporary.

Based on the work outlined above, the department anticipates an additional .25 FTE* to cover the temporary increase in workload. However, this increase would be offset by the department temporarily shifting priorities.

*To clarify, we anticipate an additional .25 FTE to cover the temporary increase in workload. The fiscal estimate worksheet rounds .25 FTE down to .2 FTE, so we used .3 FTE. The associated costs are consistent with .25 FTE.

Long-Range Fiscal Implications
