Description allowing the Town of Cable in Bayfield County to create a tax incremental district in the same manner as a city or village					

Assumptions Used in Arriving at Fiscal Estimate

Under current law, town governments are limited in their ability to create tax incremental districts (TIDs). Current law provides an exception to the limitations for the towns of Brookfield (Waukesha County), Somers (Kenosha County), and Freedom (Outagamie County). The bill creates an exception for the Town of Cable in Bayfield County to exercise tax increment power as a city or village.

The bill has no state fiscal effect and the local fiscal effect is indeterminate. The Town of Cable has a 2017 equalized value of \$181,188,800 and no active TIDs. Under the 12 percent limit, Cable could create a TID with a value totaling approximately \$21,742,600.

The bill does not impact existing TID increments.
