Analysis by the Legislative Reference Bureau

1. This bill generally provides for legislative oversight of requests for federal approval. The bill prohibits a state, executive branch agency from submitting a request to a federal agency for a waiver or renewal, modification, withdrawal, suspension, or termination of a waiver of federal law or rules or for authorization to implement a pilot program or demonstration project unless legislation has been enacted specifically directing the submission of the request. For any legislation enacted on or after January 1, 2011, that requires submission of a request that has not yet been submitted, the bill requires the applicable state agency to submit an implementation plan to JCF containing an expected timeline with an expected submission date to the federal agency no later than 90 days after the state agency submits the implementation plan to JCF, for which JCF may grant up to three 90-day extensions under its passive review process, and submit its final proposed request to JCF for approval.

Once the request has been submitted to the federal agency, the bill requires the state agency to do all of the following: make biweekly contact with the federal agency to continue negotiations, submit monthly progress reports to JCF on negotiations with the federal agency including descriptions of any portions of the request that the federal agency stated will not be approved, make available on a quarterly basis a representative of the state agency for JCF briefings or hearings, and submit the proposed approval as negotiated with the federal agency to JCF for approval or disapproval before agreeing with the final federal approval. When the federal agency has approved the request in whole or in part and the request has not been fully implemented, the state agency must submit an implementation plan to JCF, submit its final implementation plan to JCF for approval, and make available on a quarterly basis a representative of the state agency for JCF briefings or hearings.

No later than nine months before the expiration of an approved waiver, pilot program, or demonstration project, the state agency must notify JCF of the expiration date and the state agency's intent regarding renewal. If the state agency intends to renew the waiver, program, or project without substantive changes to it, the state agency is not required to comply with all of the procedures specified in the bill for renewal and instead may submit the proposed renewal request for review by JCF under its passive review process.

The chairpersons of JCF may delegate some of the committee's responsibilities under the bill to a legislative standing committee of appropriate subject matter jurisdiction under terms specified by the chairpersons. If JCF determines that the state agency has not made sufficient progress or is not acting in accordance with the enacted legislation requiring the submission of the request, JCF may reduce from moneys allocated for state operations or administrative functions the agency's...
appropriation or expenditure authority or change the authorized level of full-time equivalent positions for the agency related to the program for which the request is required to be submitted.

2.

This bill requires by statute the Department of Health Services to implement the BadgerCare Reform waiver as it relates to childless adults as approved by the federal Department of Health and Human Services effective October 31, 2018. The 2015-17 and 2017-19 biennial budget acts required DHS to submit a waiver request to the federal DHHS authorizing DHS to take certain actions including imposing premiums on, requiring a health risk assessment of, and time-limiting eligibility for recipients of BadgerCare Plus under the childless adults demonstration project waiver. Effective October 31, 2018, the federal DHHS approved the BadgerCare Reform waiver amendment and extension with some modifications from the request. The bill incorporates certain provisions of the federal approval into the statutes.

Under the bill, DHS must require childless adults demonstration project recipients who are at least 19 years of age but have not attained the age of 50 to participate in, document, and report 80 hours per calendar month of community engagement activities, unless they are exempt or have a temporary exemption for good cause. Qualifying community engagement activities are specified in the bill and include working for money, goods, or services, or as a volunteer, and participating in a program such as the FoodShare employment and training program or Wisconsin Works. DHS must require a recipient, as a condition of eligibility, to complete a health risk assessment and, if the recipient’s household income exceeds 50 percent of the federal poverty line, pay a monthly premium of $8 per household with some limited exceptions. The household premium is reduced if a recipient reports on the health risk assessment that he or she is not engaging in certain behaviors that increase health risks or is actively managing certain unhealthy behaviors. DHS must disenroll a recipient for six months if the recipient does not pay the required premium or, if the recipient is not exempt, does not participate for 48 aggregate months in the community engagement activity.

DHS must charge recipients an $8 copayment for nonemergency use of the emergency department and must comply with other requirements imposed by the federal DHHS in its waiver approval effective October 31, 2018. The requirements in the bill must end no sooner than December 31, 2023, and the bill prohibits withdrawal of the requirements and DHS from requesting withdrawal, suspension, or termination of the childless adults demonstration project requirements before that date unless the legislation has been enacted specifically allowing for withdrawal, suspension, or termination.

The bill requires DHS to implement the childless adults BadgerCare Reform waiver by no later than November 1, 2019. If DHS is unable to fully implement the project reforms by November 1, 2019, DHS may request from JCF an extension not to exceed 90 days in a written submission that includes a report on the progress toward implementation of the project and the reason an extension is needed, which JCF will review under its 14-day passive review process. Similar to other waiver implementation requirements, if JCF determines that DHS has not complied with
the implementation deadline, has not made sufficient progress in implementing the BadgerCare Reform waiver, or has not complied other requirements under this bill relating to approved waiver implementation, JCF may reduce from moneys allocated for state operations or administrative functions DHS's appropriation or expenditure authority, whichever is applicable, or change the authorized level of full-time equivalent positions for DHS related to the Medical Assistance program.

3.

This bill incorporates the provisions of chapter DHS 38 of the Wisconsin Administrative Code into the statutes. 2015 Wisconsin Act 55, the biennial budget act for the 2015-16 legislative session, required DHS to promulgate rules to develop and implement a screening, testing, and treatment policy and then to screen and test for illegal use of a controlled substance and treat for substance abuse able-bodied adults who seek to participate in the FoodShare program's employment and training program known as FSET. DHS promulgated chapter DHS 38, Wis. Adm. Code, regarding substance abuse screening, testing, and treatment for certain department employment and training programs. The bill incorporates the specifications and requirements of that DHS rule into the statutes, requires implementation of the screening, testing, and treatment by October 1, 2019, and requires DHS to follow requirements in this bill as if the screening, testing, and treatment is an approved waiver. In summary, the provisions of the rule and the bill require an agency that is administering FSET to require able-bodied adults who are subject to a work requirement to participate in FoodShare and who seek to participate in FSET to fulfill that work requirement to undergo screening for use of a controlled substance without a prescription, testing for use of a controlled substance in certain circumstances, and treatment, if applicable, for use of the controlled substance in order to be eligible to participate in FSET.

4.

2017 Wisconsin Act 138 required the commissioner of insurance to administer a state-based reinsurance program, the Wisconsin Healthcare Stability Plan (known as WIHSP), and allowed the commissioner to request a waiver under federal law to implement the plan. Under current law, WIHSP makes a reinsurance payment to a health insurance carrier if the claims for an individual who is enrolled in a health benefit plan with that carrier exceed a threshold amount in a benefit year. The federal DHHS approved the commissioner’s waiver request under specific terms and conditions dated July 29, 2018. The bill requires the commissioner to administer WIHSP in accordance with those specific terms and conditions. The bill prohibits the commissioner from requesting modification, suspension, withdrawal, or termination of the waiver unless legislation has been enacted directing the modification, suspension, withdrawal, or termination. The bill requires the commissioner to complete and submit any reports, provide any information, and participate in any oversight activities required by the federal DHHS to implement and maintain WIHSP. The bill sets the payment parameters for WIHSP as specified by the federal approval for the 2019 benefit year and prohibits the commissioner from changing those payment parameters for the 2019 benefit year.
5. This bill prohibits DHS from submitting an amendment to the state’s Medical Assistance plan or implementing a change to the reimbursement rate for or making a supplemental payment to a provider under the Medical Assistance program without first submitting the proposed state plan amendment, rate change, or payment to JCF. If the state plan amendment, rate change, or payment has an expected fiscal effect of less than $1,000,000 from all revenue sources over a 12-month period following the implementation date of the amendment, rate change, or payment, then the proposed state plan amendment, rate change, or payment is reviewed under JCF’s 14-day, passive review process. If the expected fiscal effect is $1,000,000 or more from all revenue sources over the 12-month period, DHS may submit the proposed state plan amendment, implement the rate change, or make the payment only upon approval by JCF. DHS is not required, however, to submit a proposed rate change or supplemental payment to JCF under the bill if explicit expenditure authority or funding for the specific change or supplemental payment is included in enacted legislation.

6. Under current law, the Department of Children and Families is directed to allocate in each fiscal year specific amounts of money, including federal moneys received under the Temporary Assistance for Needy Families (TANF) block grant program, for various public assistance programs (commonly known as the TANF schedule). Under current law, DCF may reallocate funds that are allocated for one purpose in the TANF schedule for any other purpose in the TANF schedule if the secretary of administration approves the reallocation. Also under current law, if the TANF moneys received from the federal government are less than the amounts appropriated for the purposes under the TANF schedule, DCF is required to create a plan for reducing the amounts of moneys allocated under the TANF schedule and to carry it out if the secretary of administration approves the plan. This bill replaces the authority of the secretary to approve a reallocation or a plan to reduce the moneys allocated under the TANF schedule with passive review by the Joint Committee on Finance.

7. Under current law, a claimant for unemployment insurance benefits is generally required to conduct searches for work each week to be eligible for unemployment benefits and to register for work. Current law provides that a claimant who is laid off is exempt from these requirements if the claimant reasonably expects to be reemployed by the former employer and the Department of Workforce Development verifies that expectation. Administrative rules promulgated by DWD require DWD to grant a claimant a waiver of the work search and registration requirements for eight weeks if the claimant reasonably expects to be reemployed with the claimant’s employer within that period and allow an additional four-week extension of that waiver. The rules also provide additional reasons a claimant may qualify for a waiver and require claimants for whom the requirements are not waived to provide verification of having complied with work search and registration requirements.
This bill eliminates DWD’s authority to establish waivers from work search and registration requirements and codifies the current waivers contained in DWD’s rules. However, the bill allows DWD to modify or eliminate a waiver, or to create additional waivers, if doing so is necessary to comply with federal law or is specifically allowed under federal law. The bill also codifies the requirement that a claimant provide verification of having complied with work search and registration requirements.

8.

This bill separates a single appropriation to the Department of Workforce Development for various workforce training programs, commonly referred to as the Fast Forward program, into a separate appropriation for each program. The bill appropriates the following amounts for each of the following programs for fiscal year 2018–19:

1. Career and technical education incentive grants — $3,500,000
2. Technical education equipment grants — $500,000
3. Teacher development program grants — $0
4. Apprenticeship programs — $225,000
5. Local youth apprenticeship grants — $2,233,700
6. Employment transit assistance grants — $464,800
7. Youth summer jobs programs in 1st class cities (currently only the city of Milwaukee) — $422,400

Under the bill, DWD may request that the Joint Committee on Finance transfer moneys from the Fast Forward appropriation account to the appropriation accounts for the teacher development program grants and local youth apprenticeship grants to fund those grant programs.

The bill also converts the Fast Forward appropriation from a continuing appropriation to an annual appropriation.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

government. (1) DEFINITION. In this section, “state agency” means any office,
department, or independent agency in the executive branch of state government,
other than the Board of Regents of the University of Wisconsin System.

(2) LEGISLATIVE AUTHORIZATION REQUIRED. A state agency may not submit a
request to a federal agency for a waiver or a renewal, modification, withdrawal,
suspension, or termination of a waiver of federal law or rules or for authorization to
implement a pilot program or demonstration project unless legislation has been
enacted specifically directing the submission of the request for a waiver, renewal,

a federal agency of a request for a waiver or renewal, modification, withdrawal,
suspension, or termination of a waiver of federal law or rules or for authorization to
implement a pilot program or demonstration project is required in legislation
enacted on or after January 1, 2011, the state agency that is required to submit the
request shall do all of the following that apply:

(a) When the request has not been submitted to the applicable federal agency,
do all of the following:

1. Beginning 60 days after the enactment of the legislation requiring the
request or March 1, 2019, whichever is later, submit to the joint committee on finance
an implementation plan describing the state agency’s plan for submitting the
request including an expected timeline for submitting the request in which the
submission date is no later than 90 days after submission of the implementation plan
under this subdivision. If the state agency is unable to submit the request by the date
specified in the implementation plan, the state agency may request from the joint
committee on finance an extension not to exceed 90 days in a written submission that includes a report on the progress toward submission of the request and the reason an extension is needed. If the cochairpersons of the joint committee on finance do not notify the state agency within 14 working days after the date of the request for an extension under this subdivision that the committee has scheduled a meeting for the purpose of reviewing the extension request, the extension is considered granted. If, within 14 working days after the date of the request for an extension under this subdivision, the cochairpersons of the committee notify the state agency that the committee has scheduled a meeting for the purpose of reviewing the extension request, the state agency may consider the extension granted only upon approval by the committee. No more than 3 90-day extensions may be granted under this subdivision.

2. When the state agency has finalized its proposed request before submitting the request to the federal agency, submit the proposed request to the joint committee on finance for approval by the committee. The state agency may submit the proposed request to the appropriate federal agency only upon approval by the committee. The procedures under s. 13.10 do not apply to this subdivision.

(b) When the request has been submitted to the applicable federal agency but has not been denied or approved by that federal agency, do all of the following:

1. Contact no less frequently than biweekly the federal agency considering the request to continue negotiations in furtherance of approval of the request.

2. Beginning 30 days after the date of submission of the request to the federal agency or March 1, 2019, whichever is later, and monthly thereafter, submit to the joint committee on finance a progress report on negotiations with the federal agency toward approval of the request. 4. Before final approval of the request by the federal agency, submit the
proposed approval as negotiated with the federal agency to the joint committee on
finance for approval or disapproval. The joint committee on finance may approve or
disapprove but may not modify the proposed approval as negotiated with the federal
agency. The state agency may agree to final approval of the request only upon
approval by the joint committee on finance. If the joint committee on finance
disapproves, the state agency shall withdraw the request or renegotiate the request
with the federal agency and resubmit the proposed approval as renegotiated to the

When the state agency submits an implementation plan that it considers its final implementation plan, the state agency may not implement the approved portions of the request until the joint committee on finance approves the final implementation plan. The procedures under s. 13.10 do not apply to this subdivision.

2. Beginning 30 days after the date of submission of the implementation plan and monthly thereafter, submit to the joint committee on finance a progress report on implementation of the approved portions of the request.

3. legislation has been enacted specifying that the waiver, program, or project must be suspended or terminated, the state agency shall submit a written notice to the joint committee on finance of the expiration date and the state agency's intent regarding renewal. If the state agency intends to request substantive changes to the waiver, program, or project in its request to the federal agency, the state agency shall comply with the procedures under sub. (3). If the state agency intends to renew the waiver, program, or project without substantive changes, notwithstanding sub. (3) and before submitting the renewal request to the federal agency, the state agency shall submit a proposed renewal request to the joint committee on finance. If the cochairpersons of the joint committee on finance do not notify the state agency within 14 working days after the date of the submittal of the proposed renewal request under this subsection that the committee has scheduled a meeting for the purpose of reviewing the proposed renewal request, the state agency may submit the proposed renewal request. After reviewing the proposed renewal request and determining any changes requested are substantive, the cochairpersons of the joint committee on finance may require the state agency to comply with any of the procedures under sub. (3). The procedures under s. 13.10 do not apply to this subsection.

(5) Delegation to Standing Committee. The cochairpersons of the joint committee on finance may delegate to a standing committee of the legislature of appropriate subject matter jurisdiction any of the responsibilities of the joint
committee on finance under sub. (3). The cochairpersons shall specify the terms of a delegation under this subsection and shall determine what constitutes an approval under a delegation under this subsection.

If the joint committee on finance determines that the applicable state agency has not made sufficient progress in submitting the request, negotiating with the federal agency, or implementing an approved portion of a request or is not acting in accordance with the enacted legislation requiring the submission of the request, the joint committee on finance may reduce from moneys allocated for state operations or administrative functions the state agency’s appropriation or expenditure authority, whichever is applicable, or change the authorized level of full-time equivalent positions for the state agency related to the program for which the request is required to be submitted. The procedures under s. 13.10 do not apply to this subsection.

If the cochairpersons of the committee do not notify the department within 14 working days after the date of the department’s notification that the committee has scheduled a meeting to review the proposed reallocation, the department may make the proposed reallocation. If, within 14 working days after the date of the department’s notification, the cochairpersons of the committee notify the department that the committee has scheduled a meeting to review the proposed reallocation, the department shall first notify the joint committee on finance in writing of the proposed reallocation.

(1). If the secretary of administration approves the plan, the amounts of moneys required to be allocated under sub.
