1 AN ACT to amend 447.06 (2) (a) 4. and 447.06 (2) (b) and (c) (intro.); and to create 447.06 (2) (a) 9. of the statutes; relating to: the practice of dental hygienists.

Analysis by the Legislative Reference Bureau

This bill expands the circumstances under which dental hygienists are permitted to practice dental hygiene. Under the bill, dental hygienists are allowed to practice in the following settings without the authorization and presence of a licensed dentist: 1) federal, state, county, or municipal correctional or detention facilities and facilities established to provide care for terminally ill patients; 2) charitable institutions open to the general public or members of a religious sect or order; 3) nonprofit home health care agencies; 4) nonprofit dental care programs serving primarily indigent, economically disadvantaged, or migrant worker populations; 5) nursing homes, community-based residential facilities, and hospitals; and 6) facilities that are primarily operated for the purpose of providing outpatient medical services.

Current law does not specifically authorize dental hygienists to practice in facilities operated primarily to provide outpatient medical services. Also, current law does not permit dental hygienists to practice in settings 1) through 5) unless a licensed dentist who is present authorizes the services or the services are performed under a written or oral prescription and certain other conditions are met.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
