April 14, 2017 – Introduced by COMMITTEE ON EDUCATION. Referred to Committee on Education.

AN ACT to repeal 20.255 (2) (cf) and 115.366 of the statutes; relating to: alternative education grants.

Analysis by the Legislative Reference Bureau

This bill eliminates the requirement that the Department of Public Instruction award grants for alternative education programs and eliminates DPI's rules related to the administration of these grants. Under current law, DPI must award grants to school districts for alternative education programs. An alternative education program is an instructional program, approved by a school board, that includes alternative or adaptive school structures and teaching techniques and that is incorporated into regularly scheduled curricular programs or offered in place of regularly scheduled curriculum programs.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
