AN ACT to amend 251.11 (1) and 251.115 of the statutes; relating to: multiple jurisdiction health departments.

Analysis by the Legislative Reference Bureau

This bill eliminates the requirement that a governing body for a multiple jurisdiction health department use either equalized valuation or a per capita determination to prepare a budget of proposed expenditures for the ensuing fiscal year. This bill instead requires a governing body for a multiple jurisdiction health department to determine a budget in a manner agreed upon by the governing bodies of the participating entities.

For further information see the local fiscal estimate, which will be printed as an appendix to this bill.
