June 2, 2017 - Introduced by Representatives HUTTON, BRANDTJEN, R. BROOKS, KNODL, KOoyenga, MURPHY, ROHRKASTE and TITTL, cosponsored by Senators DARLING, KAPENGA and STROEBEL. Referred to Committee on Regulatory Licensing Reform.

AN ACT to amend 111.32 (10), 440.01 (2) (a), 440.03 (9) (d), 440.14 (2), 440.14 (3), 440.21 (1), 440.21 (2), 440.21 (3), 440.23 (title) and 440.23 (3); to repeal and recreate 440.14 (2) and 440.14 (3); and to create 440.03 (9) (cm), 440.23 (2g) and (2r) and chapter 475 of the statutes; relating to: the establishment of a self-certification registry operated by the Department of Safety and Professional Services, granting rule-making authority, and providing a penalty.

Analysis by the Legislative Reference Bureau

This bill requires the Department of Safety and Professional Services to establish and maintain an electronic self-certification registry that allows individuals certified by state-approved supporting organizations to apply to be able to use the title “state certified” in conjunction with their practice.

Under the bill, an organization that exists solely to serve or benefit individuals who work in one or more particular occupations or professions, whether as a Wisconsin organization, a national organization, or a Wisconsin chapter of a national organization (supporting organization), may apply to DSPS for inclusion in the registry. If DSPS determines, following an application process that includes a public hearing, that approving the supporting organization will improve consumer protection in this state, DSPS must include the supporting organization in the
registry. If DSPS includes a supporting organization in the registry, an individual who is certified by that supporting organization may apply to DSPS to be included in the registry, and an individual who is so included in the registry may then use the title “state certified” in conjunction with his or her profession or occupation. DSPS must make certain information available through its Internet site, including a list of approved supporting organizations and searchable registers of individuals included in the registry.

Under the bill, DSPS is limited to approving five supporting organizations for inclusion in the registry, and the bill requires DSPS, within two years after first approving a supporting organization for inclusion in the registry, to report to the legislature with certain information about the registry and DSPS’s recommendations regarding the continuation of the registry or the elimination of the cap on approved supporting organizations.

In addition, the bill requires DSPS, within one year after the bill is enacted, to report to the legislature on whether there are supporting organizations corresponding to a number of specified professions and occupations for which a state license, permit, or certificate is currently required, as well as recommendations regarding whether any of those license, permit, or certificate requirements should be repealed.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
