2017 ASSEMBLY BILL 609

AN ACT to amend 5.056, 6.33 (2) (a), 6.35 (3), 6.86 (3) (c) and 85.61 (1); and to create 6.256, 6.29 (2) (e) and 343.14 (2p) of the statutes; relating to: automatic voter registration and the integration of registration information with information maintained by the Department of Transportation and other state agencies and granting rule-making authority.

Analysis by the Legislative Reference Bureau

This bill requires the Elections Commission to use all feasible means to facilitate the registration of all eligible electors of this state and to maintain the registration of all eligible electors for so long as they remain eligible, except as the law specifically requires electors to take some action to continue their registrations. Under the bill, the commission must attempt to facilitate the initial registration of all eligible electors no later than July 1, 2021. To facilitate the initial registration, the bill directs the commission and the Department of Transportation to enter into an agreement so that DOT may transfer specified personally identifiable information in DOT’s records to the commission. The bill requires the commission to maintain the confidentiality of any information it obtains under the agreement and allows a driver’s license or identification card applicant to “opt out” of DOT’s transfer of this information to the commission. Once the commission obtains all the information required under current law to complete an elector’s registration, the commission adds the elector’s name to the statewide registration list. The information then becomes accessible on the Internet. The bill also permits an
individual whose name is added to the registration list or who wishes to permanently exclude his or her name from the list to file a request to have his or her name deleted or excluded from the list or to revoke a deletion or exclusion request previously made. A deletion or exclusion request or revocation of a deletion or exclusion request may be made in the manner prescribed by the commission. In addition, the bill directs the commission to notify an individual by first class postcard whenever the commission removes his or her name from the registration list or changes his or her status on the list from eligible to ineligible.

The bill also directs the elections commission to report to the appropriate standing committees of the legislature, no later than July 1, 2019, concerning its progress in initially implementing the registration system created by the bill. The report must contain an assessment of the feasibility and desirability or integration of registration information with information maintained by the departments of health services, children and families, workforce development, revenue, regulation and licensing, and natural resources; the University of Wisconsin System; and the Technical College System Board, as well as with the technical colleges in each technical college district.

Under current law, a qualified elector with a current and valid driver’s license or identification card issued by DOT may register to vote electronically on a secure Internet site maintained by the elections commission. To register electronically under current law a qualified elector must also authorize DOT to forward a copy of his or her electronic signature to the commission. The authorization affirms that all information provided by the elector is correct and has the same effect as a written signature on a paper copy of the registration form. Finally, current law requires the commission and DOT to enter into an agreement that permits the commission to verify the necessary registration information instantly by accessing DOT's electronic files.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

The commission shall ensure that the name of any individual who has filed an exclusion or deletion request under this subsection is excluded from the registration list or if the individual’s name appears on the list, is removed from the registration list and is not added to the list at any subsequent time unless the individual files a revocation of his or her request under this subsection.

(8) If the commission removes from the registration list the name of an elector who does not request that his or her name be deleted, other than to correct an entry that the commission positively determines to be a duplication or to change the name of an individual who is verified to be deceased to ineligible status, the commission

At a minimum, the report shall contain an assessment of the feasibility and desirability of the integration of registration information with information maintained by the departments of health services, children and
families, workforce development, revenue, regulation and licensing, and natural
resources; the University of Wisconsin System; and the technical college system
board, as well as the technical colleges within each technical college district.

(3) Review of expenditures made to implement this act.

If the cochairpersons do not notify the administrator that the committee has scheduled a meeting for the purpose of reviewing the proposed expenditure within 14 working days after the date of the administrator’s notification, the commission may encumber or expend the money as proposed. If, within 14 working days after the date of the administrator’s notification, the cochairpersons notify the administrator that the committee has scheduled a meeting for the purpose of reviewing the proposed encumbrance or expenditure, the commission may not make the proposed encumbrance or expenditure unless the committee approves the proposed encumbrance or expenditure or modifies and approves the proposed encumbrance or expenditure. If the committee modifies and approves the proposed encumbrance or expenditure, the commission may make the proposed encumbrance or expenditure only as modified by the committee.

(b) Paragraph (a) does not apply after June 30, 2019.
