Analysis by the Legislative Reference Bureau

This bill requires an establishment or service providing massage therapy or bodywork therapy to obtain a license granted by the Massage Therapy and Bodywork Therapy Affiliated Credentialing Board, unless the establishment or service is owned by or provided at one of the following: 1) a licensed massage therapist or
bodywork therapist; 2) a person who provides massage therapy or bodywork therapy within the scope of a credential granted to the person by this state or the federal government; or 3) a massage therapy or bodywork therapy school, health care or nursing facility, school or other educational institution, spa, business with an on-site wellness center, or establishment licensed to provide cosmetology, aesthetics, electrology, manicuring, or barbering. Under the bill, the affiliated credentialing board administers the licensure program and promulgates rules establishing the requirements for the massage or bodywork therapy establishment license and the standards for the professional conduct of persons granted a massage or bodywork therapy establishment license. Additionally, a local ordinance, including an ordinance enacted before the bill takes effect, that regulates the activity of a massage therapy or bodywork therapy establishment or service that is licensed or exempt from licensure under the bill may not be enforced against an establishment or service that obtains a license or is exempt from licensure.

The bill also authorizes the practice of massage therapy or bodywork therapy by a massage therapy or bodywork therapy extern or intern under the supervision of a licensed massage therapist or bodywork therapist. The bill requires the affiliated credentialing board to establish standards for that practice.

The bill also provides that the scope of the practice of massage therapy or bodywork therapy, in addition to the activities specified under current law, includes all of the following:

1. The application of kinesiology tape to the skin.
2. The provision of body spa services, as defined by the board by rule, including the application of body wraps and scrubs.
3. Certain kinds of manual action, the majority of which are included under current law, but under the bill, the manual action is performed without high velocity or low amplitude thrusting.

The bill provides that the penalty for the unauthorized practice of massage therapy or bodywork therapy is a fine of up to $1,000 or imprisonment for up to 90 days or both. The bill also provides that the penalty for intentionally employing a person to engage in the unauthorized practice of massage therapy or bodywork therapy is a fine of up to $10,000 or imprisonment for up to nine months, or both, for a first violation, and a fine of up to $10,000 or imprisonment for up to six years, or both, for a subsequent violation within five years.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
