Analysis by the Legislative Reference Bureau

This bill requires the Department of Veterans Affairs to administer a program
to provide outreach, mental health services, and support to certain individuals who
are serving or who have served in the armed forces and who have a mental health
condition or substance abuse disorder. Under the bill, DVA must provide quarterly
reports to the governor and the Joint Committee on Finance that include the number
of individuals served by the program, the services provided to individuals, and the
types of insurance held by individuals who receive services under the program.

The bill also provides that if DVA receives a notice that it will not receive funds
sufficient to provide services for homeless veterans under its current veterans
assistance program, DVA is required to submit a request to the Joint Committee on
Finance, within 90 days of receiving the notice of insufficient funds, for moneys to
supplement the loss of federal funds.
For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
