AN ACT to repeal 49.45 (19) (a) 1.; to consolidate, renumber and amend 49.45 (19) (intro.) and 2.; to amend 49.45 (19) (title); and to create 49.463 of the statutes; relating to: requiring child support compliance in the Medical Assistance program.

Analysis by the Legislative Reference Bureau

The bill prohibits certain able-bodied adults and able-bodied parents who refuse to cooperate in determining the paternity of a child, establishing or enforcing any support order, or obtaining any other payments or property to which the adult or the child has rights from being eligible for the Medical Assistance program. The bill also prohibits certain parents who are delinquent in child support payments and do not satisfy an exception specified in the bill or who refuse to cooperate in providing or obtaining support for their child from being eligible for the Medical Assistance program. Under the bill, a dependent child remains eligible for the Medical Assistance program even if a person charged with the care and custody of the dependent child is ineligible for the Medical Assistance program because he or she did not comply with those requirements. Under current law, a person is required, as a condition of eligibility for Medical Assistance, to fully cooperate in good faith with efforts directed at establishing the paternity of a nonmarital child and obtaining support payments or any other payments or property to which the person and the dependent child may have rights.
