Analysis by the Legislative Reference Bureau

This bill creates an independent prosecutor board that oversees and sets policies for a state prosecutors office, also created in this bill. Under this bill, the executive director of the state prosecutors office manages the office; prepares personnel policies, fiscal estimates, and an annual report; and represents the board before the governor, the legislature, bar associations, and courts. The executive director may also identify methods and practices for district attorneys that promote professional competence and ethical practices. Under this bill, the state prosecutors office assumes duties relating to district attorneys that current law assigns to the Department of Administration, such as preparing a budget for all of the prosecutorial units, approving appointments of special prosecutors when needed, and making requests for assistant district attorneys in certain prosecutorial units. The bill requires any rule that directly affects the state prosecutors office to be reviewed by the office and for the office to submit a report on the proposed rule that includes
information about the effect of the proposed rule on the state prosecutors office. Finally, this bill requires DOA to provide the state prosecutors office with general access to a case management system currently used by the Department of Justice to manage case-related information and to share the information among prosecutors. For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
