2017 SENATE BILL 156

April 7, 2017 - Introduced by Senators PETROWSKI and LASEE, cosponsored by Representatives SPIROS, R. BROOKS and KULP. Referred to Committee on Insurance, Housing and Trade.

AN ACT to amend 194.41 (1); and to create 194.01 (12m) of the statutes; relating to: insurance requirements for vehicle rental companies.

Analysis by the Legislative Reference Bureau

This bill specifies the circumstances under which a vehicle rental company is subject to the minimum liability insurance policy limits applicable for motor carriers, rather than the standard policy limits applicable to most vehicles.

Current law provisions relating to motor vehicle insurance requirements require a lessor or rental company to have on file with the Department of Transportation proof of motor vehicle liability insurance as a prerequisite to renting or leasing a motor vehicle for compensation. The minimum policy limits required for this insurance are, for each accident, $25,000 for bodily injury or death to one person and $50,000 for bodily injury or death to more than one person, as well as $10,000 for property damage. For purposes of these provisions, a “lessor” and a “rental company” are defined as a person who, for compensation, leases or rents, respectively, a motor vehicle to a lessee or renter to be operated by or with the consent of the lessee or renter or who acquires a contract for the leasing or renting of a motor vehicle from another person.

Current law provisions relating to motor carriers also require a rental company to have on file with DOT proof of motor vehicle liability insurance as a prerequisite to registering a motor vehicle or obtaining a motor carrier operating permit. The minimum policy limit required for this insurance is generally an amount specified under federal law (generally $750,000), but for a vehicle with a gross weight of not more than 10,000 pounds that is not transporting hazardous materials it is $300,000.
Current law does not define the term “rental company” for purposes of these motor carrier insurance provisions.

This bill creates a definition of “rental company” for purposes of these motor carrier insurance provisions. The bill defines a “rental company” as a person that rents motor vehicles to common motor carriers of property, contract motor carriers, or private motor carriers transporting hazardous materials. The bill also specifies that these motor carrier insurance provisions are applicable only to a rental company’s vehicles that are rented to a common motor carrier of property, contract motor carrier, or private motor carrier transporting hazardous materials.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

motor vehicle unless it has on file with the department a like certificate or other
contract in the form and containing the terms and conditions as may be approved by
the department for the payment of damages for injuries to property and injuries to
or for the death of persons, including passengers, in the amounts as the department
may require. This subsection does not apply to a motor carrier that is registered by
another state under the unified carrier registration system consistent with the
standards under 49 USC 13908 and 14504a. With respect to a rental company, this
subsection applies only to the rental company’s vehicles that are rented to a common
motor carrier of property, contract motor carrier, or private motor carrier
transporting hazardous materials as listed under 49 CFR 172.101.
