April 13, 2017 - Introduced by Senators MARKLEIN, L. TAYLOR, ERPENBACH, TESTIN, FEYEN, NASS, BEWLEY, HANSEN, LEMAHIEU and COWLES, cosponsored by Representatives KLEEFISCH, NOVAK, E. BROOKS, BILLINGS, DOYLE, JACQUE, MURSAU, QUINN, RIPP, TITTL and TUSLER. Referred to Committee on Revenue, Financial Institutions and Rural Issues.

AN ACT to renumber and amend 77.54 (23n); and to create 77.54 (23n) (a) and 77.54 (23n) (b) 2. to 5. of the statutes; relating to: the sales and use tax exemption for commercial radio and television station property.

Analysis by the Legislative Reference Bureau

This bill modifies the sales and use tax exemption for commercial radio and television station property so that a broadcast transmitter, a satellite dish, and a communications tower, including the material used to build the tower, are exempt from the sales and use tax if the tower is used primarily for transmitting or receiving commercial radio or television program material. In addition, leased space on a communications tower is also exempt if the space is used exclusively for transmitting or receiving commercial radio or television program material. Finally, a motor vehicle licensed for highway use is also exempt if it is used exclusively in the origination of commercial radio or television program material.

Because this bill relates to an exemption from state or local taxes, it may be referred to the Joint Survey Committee on Tax Exemptions for a report to be printed as an appendix to the bill.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
