AN ACT to renumber and amend 121.91 (3) (a); to amend 7.52 (8), 8.06, 67.05 (6a) (a) 1. and 121.91 (3) (c) and to create 67.05 (6a) (a) 2. c. and 121.91 (3) (a) 2. of the statutes; relating to: scheduling of school district referendums to exceed revenue limits.

Analysis by the Legislative Reference Bureau

With certain exceptions, this bill permits a school board to schedule a referendum for the purpose of increasing the school district’s revenue limit only concurrent with a spring election or with the general election and only if the election falls no sooner than 70 days after the date on which the board adopts and files a resolution to that effect. With certain exceptions, this bill also permits a school board to submit to the electors of a school district a resolution seeking approval to borrow money through a bond issue only concurrent with a spring election or with the general election and only if the election falls no sooner than 70 days after the board adopts the resolution to issue a bond. A spring election is held annually on the first Tuesday in April. The general election occurs in even-numbered years on the Tuesday following the first Monday in November. Under the bill, if the school district experiences a natural disaster, including a fire, the school board may call a special election seeking approval to increase the school district’s revenue limit or to issue a bond within the six months following the natural disaster but not sooner than 70 days after the date on which the board files the resolution.

Current law allows a school board to call a special referendum or to schedule a referendum for consideration by the electors concurrent with any primary or
election that falls no sooner than 70 days after the date on which the board files the resolution.
