AN ACT to amend 54.10 (3) (a) 4. and 54.10 (3) (b); and to create chapter 53, 54.10 (2) (b) 9m. and 115.807 (4) of the statutes; relating to: supported decision-making agreements.

Analysis by the Legislative Reference Bureau

This bill allows an adult with a functional impairment to create a supported decision-making agreement to allow another person, referred to as a “supporter,” to assist the adult with certain decision-making by providing assistance with one or more of the following: 1) understanding the options, responsibilities, and consequences of the adult’s life decisions, without making the decision for the adult; 2) accessing, collecting, and obtaining information that is relevant to a given life decision, including medical, psychological, financial, educational, or treatment records; 3) understanding that information once it is obtained; or 4) communicating the adult’s life decisions to the appropriate people. Under the bill, a designated supporter is not a surrogate decision maker for the adult and is not authorized to sign legal documents for the adult or bind the adult to a legal agreement. The supporter has only the authority granted by the adult under the terms of the supported decision-making agreement. Execution of a supported decision-making agreement does not preclude an adult with a functional impairment from acting independently of the agreement, nor may the agreement be used as evidence of incapacity or incompetency.

The bill requires the Department of Health Services to prepare and provide access to a supported decision-making form and information regarding supported
SENATE BILL 552

decision-making. Under the bill, a supported decision-making agreement must be in writing, in substantially the form provided under the bill, entered into voluntarily, and signed and dated either before at least two adult witnesses or a notary public in order to be valid.

The bill provides immunity for persons under certain circumstances, including a person whose act or failure to act is done in good faith and in reliance on a supported decision-making agreement. The bill provides, however, that there is no immunity from actions alleging that a health care provider caused personal injury as a result of a negligent, reckless, or intentional act, acted inconsistently with the expressed wishes of an adult with a functional impairment, failed to provide information to either an adult with a functional impairment or his or her supporter that would be necessary for informed consent, or otherwise acted inconsistently with applicable law. In addition, under the bill, the existence or availability of a supported decision-making agreement does not relieve a health care provider of any legal obligation to provide services to individuals with disabilities.

Finally, under the bill, if a person who receives a copy of a supported decision-making agreement or who is aware of the existence of a supported decision-making agreement has reason to believe that the adult with a functional impairment is being abused, neglected, or exploited by the supporter, that person may report the issue to an appropriate elder-at-risk agency, adult-at-risk agency, state or local law enforcement, or DHS. This bill does not eliminate or limit a person’s existing obligation to report such circumstances under any other statute or regulation.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. Chapter 53 of the statutes is created to read:

CHAPTER 53

SUPPORTED DECISION-MAKING

AGREEMENTS

SUBCHAPTER I

DEFINITIONS AND

GENERAL PROVISIONS

53.01 Definitions. In this chapter:
(1) “Abuse” has the meaning given in s. 46.90 (1) (a).

(2) “Functional impairment” means any of the following:
   (a) A physical, developmental, or mental condition that substantially limits one or more of an individual’s major life activities, including any of the following:
      1. Capacity for independent living.
      2. Self direction.
      4. Mobility.
      5. Communication.
   (b) Impairment as defined under s. 54.01 (14).
   (c) Other like incapacities as defined under s. 54.01 (22).

(3) “Financial exploitation” has the meaning given in s. 46.90 (1) (ed).

(4) “Health care provider” has the meaning given in s. 155.01 (7).

(5) “Neglect” has the meaning given in s. 46.90 (1) (f).

(6) “Supported decision-making” means a process of supporting and accommodating an adult with a functional impairment to enable the adult to make life decisions, including decisions related to where the adult wants to live, the services, supports, and medical care the adult wants to receive, whom the adult wants to live with, and where the adult wants to work, without impeding the self-determination of the adult.

(7) “Supported decision-making agreement” is an agreement between an adult with a functional impairment and a supporter entered into under this chapter.

(8) “Supporter” means an adult who is willing to enter into an agreement with an adult with a functional impairment to provide supported decision-making.
53.03 Agreement not evidence of incapacity or incompetency. Execution of a supported decision-making agreement may not be used as evidence of incapacity or incompetency and does not preclude an adult with a functional impairment who has entered into such an agreement from acting independently of the agreement.

SUBCHAPTER II

SCOPE OF AGREEMENT

AND AGREEMENT REQUIREMENTS

53.10 Scope. (1) If an adult with a functional impairment decides voluntarily, without coercion, to enter into a supported decision-making agreement with a supporter, that adult may, in the agreement, authorize the supporter to do any of the following:

(a) Provide supported decision-making to the adult with a functional impairment, including assistance in understanding the options, responsibilities, and consequences of that person's life decisions, without making those decisions on behalf of that person.

(b) Assist the adult with a functional impairment in accessing, collecting, and obtaining information that is relevant to a given life decision, including medical, psychological, financial, educational, or treatment records, from any person.

(c) Assist the adult with a functional impairment in understanding the information described in par. (b).

(d) Assist the adult with a functional impairment in communicating the adult's decisions to appropriate persons.

(2) A supporter is not a surrogate decision maker for the adult with a functional impairment and does not have the authority to sign legal documents on behalf of the
adult with a functional impairment or bind the adult with a functional impairment
to a legal agreement.

53.12 Authority of supporter. A supporter may exercise the authority
granted to the supporter in the supported decision-making agreement.

53.14 Term of agreement; revocation. (1) Except as otherwise provided
in this section, a supported decision-making agreement extends until terminated by
either party or by the terms of the agreement.

(2) A supported decision-making agreement is terminated if any of the
following are true:

(a) County adult protective services substantiated an allegation of neglect or
abuse by the supporter.

(b) The supporter is found criminally liable for conduct described under par. (a).

(c) There is a restraining order against the supporter as described under s.
813.123.

(3) An adult with a functional impairment may revoke his or her supported
decision-making agreement and invalidate the supported decision-making
agreement at any time by doing any of the following:

(a) Canceling, defacing, obliterating, burning, tearing, or otherwise destroying
the supported decision-making agreement or directing another in the presence of
the adult with a functional impairment to so destroy the supported decision-making
agreement.

(b) Executing a statement, in writing, that is signed and dated by the adult with
a functional impairment, expressing his or her intent to revoke the supported
decision-making agreement.
(c) Verbally expressing the intent of the adult with a functional impairment to
revoke the supported decision-making agreement, in the presence of 2 witnesses.

(4) Unless the supported decision-making agreement provides a different
method for the supporter’s resignation, a supporter may resign by giving notice to
the adult with a functional impairment.

53.16 Access to personal information. (1) A supporter is only authorized
to assist the adult with a functional impairment in accessing, collecting, or obtaining
information that is relevant to a decision authorized under the supported
decision-making agreement.

(2) A supporter may assist with accessing or obtaining any information that
will help the adult with a functional impairment make health care decisions,
including medical, psychological, financial, education, or treatment records or
research under ss. 51.30 and 146.83 and the federal Health Insurance Portability
and Accountability Act of 1996, 45 CFR 164.502. A supporter may only access or
obtain patient health care records, as defined under s. 146.81 (4), if the adult with
a functional impairment has signed a release allowing the supporter to see protected
health information, as defined under s. 146.816 (1) (f).

(3) A supporter may assist with accessing or obtaining any information on
education records under the federal Family Educational Rights and Privacy Act of
1974, 20 USC 1232g, if the adult with a functional impairment has signed a release
allowing the supporter to access information under this subsection.

(4) The supporter shall ensure the information under this section is kept
privileged and confidential, as applicable, and is not subject to unauthorized access,
use, or disclosure.
(5) Notwithstanding the existence of a supported decision-making agreement, an adult with a functional impairment continues to have unrestricted access to personal information without the assistance of a supporter.

(6) Notwithstanding the existence of a supported decision-making agreement, an adult with a functional impairment is able to request and receive assistance on any decision that is not covered under the supported decision-making agreement at any time.

53.18 Authorization and witnesses. (1) An adult with a functional impairment and his or her supporter entering into a supported decision-making agreement must sign and date the agreement in the presence of 2 or more subscribing witnesses or a notary public.

(2) If the adult with a functional impairment and his or her supporter choose to sign and date the supported decision-making agreement before witnesses, the attesting witnesses must be at least 18 years of age.

53.20 Supported decision-making agreement instrument; form. (1) A supported decision-making agreement is valid if it is in writing, entered into voluntarily as described under s. 53.10, signed and dated as described under s. 53.18, and in substantially the following form:

SUPPORTED DECISION-MAKING AGREEMENT

The department of health services shall prepare and provide access to a supported decision-making agreement instrument and accompanying information for adults with functional impairments, family members of adults with functional impairments, education professionals and school districts, health care and social service professionals, county clerks, and local bar associations. The department may charge a reasonable fee for the cost of preparation and distribution.

SUBCHAPTER III
DUTY OF CERTAIN PERSONS
WITH RESPECT TO AGREEMENT
53.30 Reliance on agreement; limitation of liability. (1) A person who receives the original or a copy of a supported decision-making agreement shall rely on the agreement, except if the person has cause to believe that the adult with a functional impairment is being abused, neglected, unduly influenced, or financially exploited by the supporter as described under s. 53.32.

(2) A person is not subject to criminal or civil liability and has not engaged in professional misconduct for an act or omission if the act or omission is done in good faith and in reliance on a supported decision-making agreement.

(3) Any health care provider that respects and acts consistently with the authority given to a supporter by a duly executed supported decision-making agreement shall be immune from any action alleging that the agreement was invalid unless the entity, custodian, or organization had actual knowledge or notice that the adult with a functional impairment had revoked such authorization, that the agreement was invalid, or that the supporter had committed abuse, neglect, or financial exploitation as described in s. 53.14 (2) (a).

(4) Any health care provider that provides health care based on the consent of an adult with a functional impairment, made with supports and services provided through a duly executed supported decision-making agreement, shall be immune from any action alleging that the adult with a functional impairment lacked capacity to provide informed consent unless the entity, custodian, or organization had actual knowledge or notice that the adult with a functional impairment had revoked such authorization, that the agreement was invalid, or that the supporter had committed abuse, neglect, or financial exploitation as described in s. 53.14 (2) (a).

(5) Any public or private entity, custodian, or organization that discloses personal information about an adult with a functional impairment to a supporter
who is authorized to access, collect, or obtain or assist the adult with a functional
impairment in accessing, collecting, or obtaining that information shall be immune
from any action alleging that it improperly or unlawfully disclosed such information
to the supporter unless the entity, custodian, or organization had actual knowledge
that the adult with a functional impairment had revoked such authorization.

(6) This section may not be construed to provide immunity from actions
alleging that a health care provider has done any of the following:

(a) Caused personal injury as a result of a negligent, reckless, or intentional
act.

(b) Acted inconsistently with the expressed wishes of an adult with a functional
impairment.

(c) Failed to provide information to either an adult with a functional
impairment or his or her supporter that would be necessary for informed consent.

(d) Otherwise acted inconsistently with applicable law.

(7) The existence or availability of a supported decision-making agreement
does not relieve a health care provider of any legal obligation to provide services to
individuals with disabilities, including the obligation to provide reasonable
accommodations or auxiliary aids and services, including interpretation services
and communication supports to individuals with disabilities under the federal
Americans with Disabilities Act.

(8) A supporter acting in the context of a valid supported decision-making
agreement is immune from civil liability for his or her acts or omissions in performing
duties as the supporter if he or she performs the duties in good faith, in conformance
with the supported decision-making agreement or document of the adult with a
functional impairment, and with the degree and prudence that an ordinarily prudent
person exercises in his or her own affairs.

53.32 Reporting of suspected abuse, neglect, or financial exploitation.

(1) If a person who receives a copy of a supported decision-making agreement or is
aware of the existence of a supported decision-making agreement has cause to
believe that the adult with a functional impairment is being abused, neglected, or
financially exploited by the supporter, the person may report under s. 46.90 or 55.043
the alleged abuse, neglect, or financial exploitation.

(2) Nothing in this section may be construed as eliminating or limiting a
person’s requirement to report under any other statute or regulation.

Section 2. 54.10 (2) (b) 9m. of the statutes is created to read:

54.10 (2) (b) 9m. Whether any alternatives to guardianship, including
supported decision-making under ch. 53, have been attempted, and, if applicable,
the degree to which they have been attempted, the length of time they have been
attempted, and whether they have been attempted in a manner sufficient to
demonstrate that alternatives to guardianship are insufficient to enable the
individual to adequately exercise the right or rights in question.

Section 3. 54.10 (3) (a) 4. of the statutes is amended to read:

54.10 (3) (a) 4. The individual’s need for assistance in decision making or
communication is unable to be met effectively and less restrictively through
appropriate and reasonably available training, education, support services, health
care, assistive devices, a supported decision-making agreement under ch. 53, or
other means that the individual will accept.

Section 4. 54.10 (3) (b) of the statutes is amended to read:
54.10 (3) (b) Unless the proposed ward is unable to communicate decisions effectively in any way, the determination under par. (a) may not be based on mere old age, eccentricity, poor judgment, or physical disability, or the existence of a supported decision-making agreement.

**SECTION 5.** 115.807 (4) of the statutes is created to read:

115.807 (4) The local educational agency shall provide the individual and the individual’s parents with information on supported decision-making under ch. 53, other alternatives to guardianship, and strategies to remain engaged in the individual’s secondary education.

(END)
