AN ACT to amend 238.02 (1); and to create 238.081 of the statutes; relating to: composition of the board of directors and meetings of the board of directors and formally constituted subunits of the Wisconsin Economic Development Corporation.

Analysis by the Legislative Reference Bureau

This bill establishes certain requirements for meetings of the board of directors of the Wisconsin Economic Development Corporation and formally constituted subunits of the board, such as committees established by the board. Under current law, the state’s open meetings requirements apply to WEDC’s board and formally constituted subunits of the board. In addition to satisfying those requirements, under the bill, meetings of the board or a formally constituted subunit of the board that are held at least in part in open session must satisfy all of the following:

1. Be conducted at the state capitol unless otherwise approved by the board.
2. Be broadcast to the public in the same manner and to the same extent as legislative committee meetings.
3. Include a period of public comment. Current law generally authorizes, but does not require, a public comment period during which a governmental body may receive information from members of the public.

The bill also increases the membership of WEDC’s board by one majority and one minority party member of each house of the legislature, bringing the number of legislative members of the board to eight and the total number of voting members to 16.
SENATE BILL 581
