Analysis by the Legislative Reference Bureau
This bill makes various changes to the worker’s compensation law, as administered by the Department of Workforce Development and the Division of Hearings and Appeals in the Department of Administration.

Payment of Benefits; Other Payments

Health Service Fee Schedule
This bill requires DWD, by January 1, 2019, to establish a schedule of the maximum fees that a health care provider may charge an employer or insurer for health services provided to an injured employee who claims worker’s compensation benefits. Under the bill, DWD must, when that schedule is established, notify the Legislative Reference Bureau, and the LRB must publish that notice in the Wisconsin Administrative Register. The reasonableness of the health service fee dispute resolution process under current law does not apply to health services provided on or after the date of the notice. The liability of an employer or insurer for a health service included in the fee schedule is then limited to the lesser of the maximum fee allowed under the schedule or the health care provider’s actual fee for that health service as of the date on which the health service was provided.

The bill requires DWD to establish the maximum fees by using a formula that compares the cost for group health plans and self-insured plans with the cost under the federal Medicare program for health services included in the schedule. DWD must first determine the average negotiated price for insured and self-insured group health plans for each health service included in the schedule. Records related to the collection of that information are not subject to disclosure under the public records law. DWD must then determine the payment made under the federal Medicare program for each health service included in the schedule, and then determine the average variance in prices under the group health and self-insured plans and under the federal Medicare program for each health care service included in the schedule. The bill then requires DWD to increase the prices under the federal Medicare program by the average variation in prices. Finally, DWD must increase the cost of each health service by 2.5 percent for administrative costs or by an alternative percentage not to exceed 10 percent if DWD determines, based on information provided by health care providers before the schedule initially takes effect, that the 2.5 percent increase is insufficient to pay for the administrative costs of treating worker’s compensation patients.
SENATE BILL 665

The bill requires DWD to adjust those maximum fees annually by the change in the consumer price index for medical care services and, no less often than every ten years, to redetermine the average negotiated prices for group health plans and self-insured plans and payments under the federal Medicare program for the services included in the schedule and revise the maximum fees based on those redetermined amounts.

Additional payments for permanent partial disability

The bill specifies certain conditions under which an employee who sustains a disability in the permanent partial disability schedule included in the statutes may receive additional permanent partial disability indemnity payments. Under current law, an injured employee receives a number of weeks of indemnity payments for a permanent partial disability for a period specified in the statutes. Under the bill, the injured employee is entitled to a 15 percent increase in the number of weeks of indemnity payments if the employee experiences wage loss, as determined by DWD, of 15 percent or more upon returning to work, or if the employment relationship is terminated by the employer at the time of the injury or by the employee because his or her physical or mental limitations prevent continued employment. The bill specifies that the determination of wage loss may not account for periods during which the employee receives temporary disability benefits or unemployment insurance benefits or any payments for permanent partial disability.

Under the bill, if the employer makes a good faith offer of employment that the employee refuses without just cause, the employee is considered to have returned to work at the wages the employee would have received had the employee accepted the employment offer.

Maximum weekly compensation for permanent partial disability

This bill increases the maximum weekly compensation rate for permanent partial disability from $362 to $382 for injuries occurring before January 1, 2019, and to $407 for injuries occurring on or after that date.

Supplemental benefits

This bill provides that an injured employee who is receiving the maximum weekly benefit in effect at the time of the injury for permanent total disability or continuous temporary total disability resulting from an injury that occurred before January 1, 2005, is entitled to receive supplemental benefits for a week of disability beginning after the effective date of the bill in an amount that, when added to the employee's regular benefits, equals $711. Under current law, supplemental benefits are payable only for an injury occurring prior to January 1, 2003, and the maximum supplemental benefit amount for a week of disability is an amount that, when added to the employee's regular benefits, equals $669.

Lump sum payments in compromise agreements

The bill increases the maximum amount of unaccrued benefits that may be provided to an injured employee as a lump sum in a compromise agreement concerning the employer's liability under the worker's compensation law. Current administrative rules permit an employee and employer to enter into a compromise agreement concerning the employer's worker's compensation liability. The rules
SENATE BILL 665

limit the amount of unaccrued worker’s compensation benefits that may be provided as a lump sum to the injured employee in that compromise agreement to $10,000. Under the bill, that limit is increased to $50,000.

Payment of proceeds of claims against third parties

Current law provides that when an employee sustains a work injury or dies as a result of a work injury and the employee, the employee’s personal representative, or other person entitled to bring action maintains an action in tort against a third party for the injury or death, the proceeds of the claim are to be divided pursuant to a formula detailed under current law. Under that formula, after deducting the reasonable cost of collection, one-third of the remainder is in all cases to be paid to the injured employee, personal representative, or other person entitled. Current law also provides that if an injured employee or dependent receives compensation from the employee’s employer or a third party in such an action and the employee received payments from DWD due to the employer being an uninsured employer, the employee or dependent must reimburse DWD for the full amount up to the amount recovered from the third party.

This bill modifies the latter provision such that if an injured employee or dependent receives compensation from the employee’s employer or a third party in such an action and the employee received payments from DWD due to the employer being an uninsured employer, the employee or dependent must reimburse DWD in accordance with the formula described above.

Requirements and prohibitions for health care providers

Electronic billing

The bill requires any health care provider providing care to an injured employee to use an electronic billing system and be able to receive payments electronically.

Health care records in electronic format

Current law requires a health care provider, upon request by an injured employee, employer, insurer, or DWD, to provide that person with any written material that is reasonably related to an injury for which the employee claims worker’s compensation in paper format upon payment of the actual costs of preparing the certified duplicate, not to exceed the greater of 45 cents per page or $7.50 per request, plus the actual costs of postage, or in electronic format upon payment of $26 per request.

This bill requires such material to be provided in electronic format unless the requester is unable to receive the material in electronic format or otherwise specifically requests the material in paper format.

Dispensing of opiates

The bill prohibits a practitioner from dispensing more than a seven-day supply of an opiate to treat an injury for which an employer or insurer is liable under the worker’s compensation law. The bill provides that a supply greater than a seven-day supply dispensed by a practitioner is considered to be unnecessary treatment without the need for a written opinion on the necessity of the treatment.
Opiates and independent medical examinations

The bill requires that if a health care provider conducts an independent medical examination and concludes that an employee has sustained a work-related injury but that opiates that have been prescribed to the employee for the injury are not medically necessary, any report prepared by the health care provider that recommends the cessation of those opiates must include certain information, including a discussion of alternative treatments, a proposed plan of discontinuation of opiate therapy consistent with any applicable guidelines issued by a state credentialing board, and a statement regarding coverage for addiction treatment.

Notice; requirement to post

The bill requires each employer to post, in each workplace, a notice in a form approved by DWD setting forth employees’ rights under the worker’s compensation law. DWD must include in the notice information to educate injured employees regarding opiate therapies, opiate addiction, and alternative treatments for pain.

Program administration

Confidential records; disclosure to certain agencies

Under current law, subject to a number of exceptions, certain records of DWD, DHA, or the Labor and Industry Review Commission that reveal information about injured employees are confidential and not subject to disclosure under the public records law or a subpoena. The bill creates another exception for records requested by the Department of Health Services, a county department of social services, or a county department of human services, if the request is limited to the name and address of the employee who is the subject of the record, the name and address of the employee’s employer, and any financial information about that employee contained in the record.

Coordination regarding pain management

The bill requires DWD to coordinate with the Department of Safety and Professional Services and its attached credentialing boards and to educate injured employees about treatments and about devices approved by the federal Food and Drug Administration for chronic pain related to injuries compensable under the worker’s compensation law that, in lieu of or in combination with medication, may reasonably be required to cure or provide relief from injured employees’ pain and about the fact that such treatments and devices may constitute covered medical expenses under the worker’s compensation law.

Hearing loss calculation

The bill requires DWD to conduct an analysis regarding the methods of calculation of hearing loss under the worker’s compensation law in this state and how they compare to the methods of calculation used in the worker’s compensation laws of other states, as well as an analysis of how improvements in technology should guide future decisions regarding how to calculate hearing loss for worker’s compensation purposes in this state. DWD must, within six months after the effective date of the bill, issue a report of its findings to the Council on Worker’s Compensation.
SENATE BILL 665

Minimum permanent partial disability ratings

The bill requires DWD to report to the Council on Worker’s Compensation on DWD’s progress in carrying out its duties related to reviewing and revising the minimum permanent partial disability ratings that DWD has promulgated by rule for certain amputation levels, losses of motion, sensory losses, and surgical procedures resulting from injuries for which permanent partial disability is claimed.

Other changes

The bill makes various other changes regarding the administration of the worker’s compensation law, including:

1. Changes regarding the financing of the worker’s compensation law, including creating a separate appropriation to pay for certain reimbursements for supplemental benefit payments.
2. Giving DWD authority to take certain actions under the worker’s compensation law with respect to which DHA has authority under current law, including allowing DWD to issue orders or take other action in certain cases.
3. Allowing DWD to conduct alternative dispute resolution activities for certain cases.
4. Granting explicit rule-making authority to DWD to carry out the worker’s compensation law.
5. Transferring from DWD to DHA the authority to grant licenses for non-attorneys to appear in worker’s compensation cases.
6. Prohibiting DHA from promulgating rules that conflict with DWD’s rules and requiring DHA to comply with DWD’s rules.

General coverage

Employers subject to worker’s compensation law

Under current law, every person who usually employs three or more employees for services performed in this state is subject to the worker’s compensation law. This bill provides that every person who at any time employs three or more employees for services performed in this state is subject to the worker’s compensation law and specifies that a person becomes subject to that law on the day on which the person employs three or more employees for services performed in this state.

Long-term care providers; clarification

The bill makes clarifications regarding individuals who perform services for persons receiving long-term care benefits under certain long-term care programs and who do not otherwise have worker’s compensation coverage for those services to confirm that they are considered to be employees, for worker’s compensation purposes, of the entities providing financial management services for the persons receiving the benefits.

SECTION 27. 102.16 (1) (b) 2. of the statutes is created to read:

102.16 (1) (b) 2. The department may conduct alternative dispute resolution activities for a case involving an employee who is not represented by an attorney with respect to which no application has been filed under s. 102.17 (1) (a) 1. or with respect to which an application has been filed, regardless of whether the application is ready to be scheduled for a hearing.

SECTION 28. 102.16 (1m) (a) of the statutes is amended to read:

102.16 (1m) (a) If an insurer or self-insured employer concedes by compromise under sub. (1) or stipulation under s. 102.18 (1) (a) that the insurer or self-insured employer is liable under this chapter for any health services provided to an injured employee by a health service provider, but disputes the reasonableness of the fee charged by the health service provider, the department or the division may include in its order confirming the compromise or stipulation a determination made by the department under sub. (2) as to the reasonableness of the fee or, if such a determination has not yet been made, the department or the division may notify, or direct the insurer or self-insured employer to notify, the health service provider under sub. (2) (b) that the reasonableness of the fee is in dispute. The department or the division shall deny payment of a health service fee that the department determines under sub. (2) to be unreasonable. A health service provider and an insurer or self-insured employer that are parties to a fee dispute under this paragraph are bound by the department’s determination under sub. (2) on the reasonableness of the disputed fee, unless that determination is set aside, reversed,
or modified by the department under sub. (2) (f) or is set aside on judicial review as provided in sub. (2) (f).  **This paragraph does not apply to a health service provided to an injured employee beginning on the date on which the notice under s. 102.423 (1) (a) is published in the Wisconsin Administrative Register.**

**SECTION 29.** 102.16 (2) (i) of the statutes is created to read:

102.16 (2) (i)  This subsection does not apply to a health service provided to an injured employee beginning on the date on which the notice under s. 102.423 (1) (a) is published in the Wisconsin Administrative Register.

**SECTION 30.** 102.17 (1) (b) of the statutes is amended to read:

102.17 (1) (b)  In any dispute or controversy pending before the department or the division, the department or the division may direct the parties to appear before an examiner for a conference to consider the clarification of issues, the joining of additional parties, the necessity or desirability of amendments to the pleadings, the obtaining of admissions of fact or of documents, records, reports, and bills that may avoid unnecessary proof, and such other matters as may aid in disposition of the dispute or controversy.  After that conference, the department or the division may issue an order requiring disclosure or exchange of any information or written material that the department or the division considers material to the timely and orderly disposition of the dispute or controversy.  If a party fails to disclose or exchange that information within the time stated in the order, the department or the division may issue an order dismissing the claim without prejudice or excluding evidence or testimony relating to the information or written material.  The department or the division shall provide each party with a copy of any order issued under this paragraph.

**SECTION 31.** 102.17 (1) (c) of the statutes is amended to read:
102.17 (1) (c) 1. Any party shall have the right to be present at any hearing, in person or by attorney or any other agent, and to present such testimony as may be pertinent to the controversy before the division. No person, firm, or corporation, other than an attorney at law who is licensed to practice law in the state, may appear on behalf of any party in interest before the division or any member or employee of the division assigned to conduct any hearing, investigation, or inquiry relative to a claim for compensation or benefits under this chapter, unless the person is 18 years of age or older, does not have an arrest or conviction record, subject to ss. 111.321, 111.322 and 111.335, is otherwise qualified, and has obtained from the department a license with authorization to appear in matters or proceedings before the division. Except as provided under pars. (cm), (cr), and (ct), the license shall be issued by the department under rules promulgated by the department. The department shall maintain in its office a current list of persons to whom licenses have been issued.

2. Any license issued under subd. 1. may be suspended or revoked by the department for fraud or serious misconduct on the part of an agent, may be denied, suspended, nonrenewed, or otherwise withheld by the department for failure to pay court-ordered payments as provided in par. (cm) on the part of an agent, and may be denied or revoked if the department of revenue certifies under s. 73.0301 that the applicant or licensee is liable for delinquent taxes or if the department of workforce development certifies under par. (ct) s. 108.227 that the applicant or licensee is liable for delinquent unemployment insurance contributions. Before suspending or revoking the license of the agent on the grounds of fraud or misconduct, the department shall give notice in writing to the agent of the charges of fraud or misconduct and shall give the agent full opportunity
to be heard in relation to those charges. In denying, suspending, restricting, refusing
to renew, or otherwise withholding a license for failure to pay court-ordered
payments as provided in par. (cm), the department division shall follow the
procedure provided in a memorandum of understanding entered into under s. 49.857.

3. Unless otherwise suspended or revoked, a license issued under subd. 1. shall
be in force from the date of issuance until the June 30 following the date of issuance
and may be periodically renewed by the department from time to time division, but
each renewed license shall expire on the June 30 following the issuance of the
renewed license.

SECTION 32. 102.17 (1) (cg) of the statutes is amended to read:

102.17 (1) (cg) 1. Except as provided in subd. 2m., the department division shall
require each applicant for a license under par. (c) who is an individual to provide the
department division with the applicant’s social security number, and shall require
each applicant for a license under par. (c) who is not an individual to provide the
department division with the applicant’s federal employer identification number,
when initially applying for or applying to renew the license.

2. If an applicant who is an individual fails to provide the applicant’s social
security number to the department division or if an applicant who is not an
individual fails to provide the applicant’s federal employer identification number to
the department division, the department division may not issue or renew a license
under par. (c) to or for the applicant unless the applicant is an individual who does
not have a social security number and the applicant submits a statement made or
subscribed under oath or affirmation as required under subd. 2m.
2m. If an applicant who is an individual does not have a social security number, the applicant shall submit a statement made or subscribed under oath or affirmation to the department division that the applicant does not have a social security number. The form of the statement shall be prescribed by the department division. A license issued in reliance upon a false statement submitted under this subdivision is invalid.

3. The department of workforce development division may not disclose any information received under subd. 1. to any person except to the department of revenue for the sole purpose of requesting certifications under s. 73.0301, the department of workforce development for the sole purpose of requesting certifications under s. 108.227, or the department of children and families for purposes of administering s. 49.22.

SECTION 33. 102.17 (1) (cr) of the statutes is amended to read:

102.17 (1) (cr) The department division shall deny an application for the issuance or renewal of a license under par. (c), or revoke such a license already issued, if the department of revenue certifies under s. 73.0301 that the applicant or licensee is liable for delinquent taxes. Notwithstanding par. (c), an action taken under this paragraph is subject to review only as provided under s. 73.0301 (5) and not as provided in ch. 227.

SECTION 34. 102.17 (1) (ct) of the statutes is repealed and recreated to read:

102.17 (1) (ct) The division shall deny an application for the issuance or renewal of a license under par. (c), or revoke such a license already issued, if the department certifies under s. 108.227 that the applicant or licensee is liable for delinquent contributions, as defined in s. 108.227 (1) (d). Notwithstanding par. (c), an action taken under this paragraph is subject to review only as provided under s. 108.227 (5) and not as provided in ch. 227.
SECTION 35. 102.17 (2) of the statutes is amended to read:

102.17 (2) If the division has reason to believe that the payment of compensation has not been made, the division may on its own motion give notice to the parties, in the manner provided for the service of an application, of a time and place when a hearing will be held for the purpose of determining the facts, or if the department has reason to believe that the payment of compensation has not been made, the department may request that the division give such a notice of hearing. The notice shall contain a statement of the matter to be considered. All provisions of this chapter governing proceedings on an application shall apply, insofar as applicable, to a proceeding under this subsection. When the division schedules a hearing on its own motion, as provided in this subsection, neither the division nor the department becomes a party in interest, and is not required to appear as a party at the hearing.

SECTION 36. 102.175 (2) of the statutes is amended to read:

102.175 (2) If after a hearing or a prehearing conference the department or the division determines that an injured employee is entitled to compensation but that there remains in dispute only the issue of which of 2 or more parties is liable for that compensation, the department or the division may order one or more parties to pay compensation in an amount, time, and manner as determined by the department or the division. If the department or the division later determines that another party is liable for compensation, the department or the division shall order that other party to reimburse any party that was ordered to pay compensation under this subsection.

SECTION 37. 102.18 (1) (bg) 1. of the statutes is amended to read:

102.18 (1) (bg) 1. If the division finds under par. (b) that an insurer or self-insured employer is liable under this chapter for any health services provided
to an injured employee by a health service provider, but that the reasonableness of
the fee charged by the health service provider is in dispute, the division may include
in its order under par. (b) a determination made by the department under s. 102.16
(2) as to the reasonableness of the fee or, if such a determination has not yet been
made, the division may notify, or direct the insurer or self-insured employer to notify,
the health service provider under s. 102.16 (2) (b) that the reasonableness of the fee
is in dispute. This subdivision does not apply to a health service provided to an
injured employee beginning on the date on which the notice under s. 102.423 (1) (a)
is published in the Wisconsin Administrative Register.

**SECTION 38.** 102.18 (1) (bp) of the statutes is amended to read:

102.18 (1) (bp) If the department or the division determines that the employer
or insurance carrier suspended, terminated, or failed to make payments or failed to
report an injury as a result of malice or bad faith, the department or the division may
include a penalty in an award to an employee for each event or occurrence of malice
or bad faith. That penalty is the exclusive remedy against an employer or insurance
carrier for malice or bad faith. If the penalty is imposed for an event or occurrence
of malice or bad faith that causes a payment that is due an injured employee to be
delayed in violation of s. 102.22 (1) or overdue in violation of s. 628.46 (1), the
department or the division may not also order an increased payment under s. 102.22
(1) or the payment of interest under s. 628.46 (1). The department or the division may
award an amount that the department or the division considers just, not to exceed
the lesser of 200 percent of total compensation due or $30,000 for each event or
occurrence of malice or bad faith. The department or the division may assess the
penalty against the employer, the insurance carrier, or both. Neither the employer
nor the insurance carrier is liable to reimburse the other for the penalty amount. The
division department may, by rule, define actions that demonstrate malice or bad faith.

SECTION 39. 102.18 (2) (a) of the statutes is amended to read:

102.18 (2) (a) The department shall have and maintain on its staff such examiners as are necessary to hear and decide claims for compensation described in s. 102.16 (1) (b) and to assist in the effective administration of this chapter.

SECTION 40. 102.18 (5) of the statutes is amended to read:

102.18 (5) If it appears to the department or the division that a mistake may have been made as to cause of injury in the findings, order, or award upon an alleged injury based on accident, when in fact the employee was suffering from an occupational disease, within 3 years after the date of the findings, order, or award the department or the division may, upon its own motion, with or without hearing, set aside the findings, order, or award, or the department or the division may take that action upon application made within those 3 years. After an opportunity for hearing, the division may, if in fact the employee is suffering from disease arising out of the employment, make new findings, and a new order or award, or the division may reinstate the previous findings, order, or award. The department may, if in fact the employee is suffering from disease arising out of the employment, make new findings, and a new order or award, or the department may reinstate the previous findings, order, or award when no hearing is requested.

SECTION 41. 102.18 (6) of the statutes is amended to read:

102.18 (6) In case of disease arising out of employment, the department or the division may from time to time review its findings, order, or award, and make new findings, or a new order or award, based on the facts regarding disability or otherwise
as those facts may appear at the time of the review. This subsection shall not affect
the application of the limitation in s. 102.17 (4).

SECTION 42. 102.33 (1m) of the statutes is created to read:

102.33 (1m) Each employer shall post, in each workplace, a notice in a form
approved by the department setting forth employees’ rights under this chapter. The
department shall, in conjunction with its activities under s. 102.14 (2m), include in
the notice information to educate injured employees regarding opiate therapies,
opiate addiction, and alternative treatments for pain.

SECTION 43. 102.33 (2) (b) 7. of the statutes is created to read:

102.33 (2) (b) 7. The requester is the department of health services, a county
department of social services under s. 46.215 or 46.22, or a county department of
human services under s. 46.23, and the request is limited to the name and address
of the employee who is the subject of the record, the name and address of the
employee’s employer, and any financial information about that employee contained
in the record.

SECTION 44. 102.39 of the statutes is repealed.

SECTION 45. 102.423 of the statutes is created to read:

102.423 Health service fee schedule. (1) Health service fee schedule.

(a) By January 1, 2019, the department shall establish a schedule of the maximum
fees that a health care provider may charge an employer or insurer for health
services provided to an injured employee who claims benefits under this chapter.
When that schedule is established, the department shall notify the legislative
reference bureau and the legislative reference bureau shall publish that notice in the
Wisconsin Administrative Register. For the health services in the schedule, the
department shall do all of the following:
1. Based on sources obtained by the department, determine, to the extent possible, the average negotiated price made for group health benefit plans, as defined in s. 632.745 (9), group health plans, as defined in s. 632.745 (10), and self-insured health plans, as defined in s. 632.745 (24).

2. Determine the rates under the program under 42 USC 1395 et seq. for health services using the Medicare billing code system, including Current Procedural Terminology codes, as maintained by the American Medical Association, and Healthcare Common Procedural Coding System codes.

3. Set the maximum fee for each health service included in the schedule by doing all of the following:
   a. Using the rates for health services determined under subd. 2., determine as a percentage the average variance between those amounts and the amounts under subd. 1.
   b. Increase the rates for health services determined under subd. 2. by the percentage determined under subd. 3. a.
   c. Subject to subd. 4., increase the amounts determined under subd. 3. b. by 2.5 percent for administrative costs.

4. Prior to the date on which the notice is published in the Wisconsin Administrative Register under this paragraph, one or more health care providers may petition the department to hold a public hearing to gather information to be used to determine if the increase under subd. 3. c. for administrative costs is sufficient to pay for the unique administrative costs incurred in treating worker’s compensation patients as compared to patients whose bills are paid by other means. If the department determines, based on the request and information gathered and submitted, that the percentage increase under subd. 3. c. for unique administrative
costs is generally insufficient to pay for the unique administrative costs incurred by
health care providers for treating worker’s compensation patients, the department
shall establish and apply an alternative increase for the unique administrative costs
that is not more than 10 percent of the cost of the service as determined under subd.

3. b.

(b) 1. In this paragraph, “consumer price index” means the average of the
consumer price index for medical care services over each 12-month period for all
urban consumers, U.S. city average, as determined by the bureau of labor statistics
of the federal department of labor.

2. On each January 1, beginning with January 1, 2020, the department shall
adjust the maximum fees established under par. (a) by the percentage difference
between the consumer price index for the 12-month period ending on December 31
of the preceding year and the consumer price index for the 12-month period ending
on December 31 of the year before the preceding year.

(c) No less often than every 10 years, the department shall obtain health service
negotiated price data from the sources specified in par. (a) 1., redetermine the
average negotiated prices specified in par. (a) 1., and revise the maximum fees
established under par. (a) based on that redetermined average.

(d) The department shall publish the fee schedule established under par. (a) on
the department’s Internet site.

(2) LIABILITY OF EMPLOYER OR INSURER. (a) The liability of an employer or insurer
for a health service included in the fee schedule established under sub. (1) is limited
to the maximum fee allowed under the schedule for that health service as of the date
on which the health service was provided or the health care provider’s actual fee for
the health service as of that date, whichever is less.
(b) A health care provider that provides health services to an injured employee under this chapter may not collect, or bring an action to collect, from the injured employee any charge that is in excess of the liability of the employer or insurer under this subsection.

(c) This subsection first applies to a health service provided to an injured employee on the date on which the notice under sub. (1) (a) is published in the Wisconsin Administrative Register.

(3) RECORDS. Records related to the collection of any information under sub. (1) (a) 1. are not subject to the right of inspection and copying under s. 19.35 (1).

(4) RULES. The department shall promulgate rules to implement this section.

SECTION 46. 102.425 (2m) of the statutes is created to read:

102.425 (2m) OPIATES AND PAIN RELIEF. (a) In this subsection, “opiate” has the meaning given in s. 961.01 (16).

(b) No practitioner may dispense more than a 7-day supply of an opiate to treat an injury for which an employer or insurer is liable under this chapter. Notwithstanding s. 102.16 (2m) (c), a supply greater than a 7-day supply shall be considered to be unnecessary treatment for purposes of s. 102.16 (2m) without the need for a written opinion under s. 102.16 (2m) (c).

SECTION 47. 102.427 of the statutes is created to read:

102.427 Electronic billing. Any health service provider that provides care to an injured employee under this chapter shall use an electronic billing system and be able to receive payments electronically.

SECTION 48. 102.44 (1) (ag) of the statutes is amended to read:

102.44 (1) (ag) Notwithstanding any other provision of this chapter, every employee who is receiving compensation under this chapter for permanent total
disability or continuous temporary total disability more than 24 months after the date of injury resulting from an injury that occurred prior to January 1, 2003, shall receive supplemental benefits that shall be payable by the employer or the employer’s insurance carrier, or in the case of benefits payable to an employee under s. 102.66, shall be paid by the department out of the fund created under s. 102.65. Those supplemental benefits shall be paid only for weeks of disability occurring after January 1, 2005, and shall continue during the period of such total disability subsequent to that date.

**SECTION 49.** 102.44 (1) (am) of the statutes is amended to read:

102.44 (1) (am) If the employee is receiving the maximum weekly benefits in effect at the time of the injury, the supplemental benefit for a week of disability occurring after March 2, 2016, the effective date of this paragraph ..., [LRB inserts date], shall be an amount that, when added to the regular benefit established for the case, shall equal $669.

**SECTION 50.** 102.44 (1) (b) of the statutes is amended to read:

102.44 (1) (b) If the employee is receiving a weekly benefit that is less than the maximum benefit that was in effect on the date of the injury, the supplemental benefit for a week of disability occurring after March 2, 2016, the effective date of this paragraph ..., [LRB inserts date], shall be an amount sufficient to bring the total weekly benefits to the same proportion of $669 as the employee’s weekly benefit bears to the maximum in effect on the date of injury.

**SECTION 51.** 102.44 (2) of the statutes is amended to read:

102.44 (2) In case of permanent total disability, aggregate indemnity shall be weekly indemnity for the period that the employee may live. Total impairment for industrial use of both eyes, the loss of both arms at or near the shoulder, the loss of
both legs at or near the hip, or the loss of one arm at the shoulder and one leg at the
hip constitutes permanent total disability. This enumeration is not exclusive, but in
other cases the department or the division shall find the facts.

SECTION 52. 102.44 (6) (b) of the statutes is amended to read:

102.44 (6) (b) If during the period set forth in s. 102.17 (4) the employment
relationship is terminated by the employer at the time of the injury or by the
employee because his or her physical or mental limitations prevent his or her
continuing in such employment, or if during that period a wage loss of 15 percent or
more occurs, the department or the division may reopen any award and make a
redetermination taking into account loss of earning capacity.

SECTION 53. 102.525 of the statutes is created to read:

102.525 Additional payment for permanent partial disability. (1) If any
of the following applies during the period set forth in s. 102.17 (4) with respect to an
employee who sustains a disability specified under s. 102.52, the number of weeks
for which indemnity shall be payable shall be increased by 15 percent:

(a) The employment relationship is terminated by the employer at the time of
the injury or by the employee because his or her physical or mental limitations
prevent his or her continuing in the employment.

(b) The percentage of wage loss during the period is 15 percent or more.

(2) For the purpose of determining the percentage of wage loss under sub. (1)
(b), all of the following apply:

(a) Wage loss shall be determined based on wages as determined under s.
102.11.

(b) The percentage wage loss shall be determined using actual average wages
over a period of at least 13 weeks following the employee’s injury.
(c) The determination of wage loss may not take into account any of the following:

1. Any period during which benefits are payable for temporary disability under s. 102.43 (5).

2. Any period during which the employee received benefits under ch. 108.

3. Any payments for permanent partial disability under s. 102.52.

(3) For the purposes of sub. (1), if an employer makes a good faith offer of employment that is refused by the employee without just cause, the employee is considered to have returned to work at the amount of wages the employee would have received but for the employee's refusal of employment.

(4) An increase under sub. (1) shall be applied after the application of any increase under s. 102.53 or 102.54.

SECTION 54. 102.61 (2) of the statutes is amended to read:

102.61 (2) The department, the division, the commission, and the courts shall determine the rights and liabilities of the parties under this section in like manner and with like effect as the department, the division, the commission, and the courts determine other issues under this chapter. A determination under this subsection may include a determination based on the evidence regarding the cost or scope of the services provided by a private rehabilitation counselor under sub. (1m) (a) or the cost or reasonableness of a rehabilitative training program developed under sub. (1m) (a).

SECTION 55. 102.62 of the statutes is amended to read:

102.62 Primary and secondary liability; unchangeable. In case of liability under s. 102.57 or 102.60, the liability of the employer shall be primary and the liability of the insurance carrier shall be secondary. If proceedings are had before the department or the division for the recovery of that liability, the department or the
division shall set forth in its award the amount and order of liability as provided in this section. Execution shall not be issued against the insurance carrier to satisfy any judgment covering that liability until execution has first been issued against the employer and has been returned unsatisfied as to any part of that liability. Any provision in any insurance policy undertaking to guarantee primary liability or to avoid secondary liability for a liability under s. 102.57 or 102.60 is void. If the employer has been adjudged bankrupt or has made an assignment for the benefit of creditors, if the employer, other than an individual, has gone out of business or has been dissolved, or if the employer is a corporation and its charter has been forfeited or revoked, the insurer shall be liable for the payment of that liability without judgment or execution against the employer, but without altering the primary liability of the employer.

**SECTION 56.** 102.75 (1m) of the statutes is amended to read:

102.75 (1m) The moneys collected under subs. (1) and (1g) and under ss. 102.28 (2) and 102.31 (7), together with all accrued interest, shall constitute a separate nonlapsible fund designated as the worker’s compensation operations fund. Moneys in the fund may be expended only as provided in ss. 20.427 (1) (ra) and 20.445 (1) (ra), (rb), (rc), and (rp) and may not be used for any other purpose of the state.

**SECTION 57.** 102.80 (1) (d) of the statutes is amended to read:

102.80 (1) (d) Amounts collected from employees or dependents of employees under s. 102.81 (4) (b) and (c).

**SECTION 58.** 102.81 (4) (b) (intro.) of the statutes is amended to read:

102.81 (4) (b) (intro.) If the employee or dependent receives compensation from the employee’s employer or a 3rd party liable under s. 102.29, pay to the department the lesser of the following:
SECTION 59. 102.81 (4) (b) 2. of the statutes is amended to read:

dependents, less amounts repaid by the employee or dependents under s. 102.81 (4)
(b) or (c). The reimbursement owed under this subsection is due within 30 days after
the date on which the department notifies the uninsured employer that the
reimbursement is owed. Interest shall accrue on amounts not paid when due at the
rate of 1 percent per month.

SECTION 63. 108.227 (1) (e) 16. of the statutes is created to read:
108.227 (1) (e) 16. A license issued by the division of hearings and appeals
