AN ACT to create 20.255 (3) (fs), 20.255 (3) (ft) and 115.49 of the statutes; relating to: an education savings account program for gifted and talented pupils, providing an exemption from emergency rule procedures, granting rule-making authority, and making an appropriation.

Analysis by the Legislative Reference Bureau

This bill creates an educational savings account program for gifted and talented pupils. Beginning in the 2018–19 school year, the bill requires the Department of Public Instruction to award $1,000 scholarships to certain gifted and talented pupils and to credit the scholarships to individual accounts established and maintained by DPI. Under the bill, DPI may award no more than 2,000 scholarships in any school year.

Under the bill, a pupil is eligible for a gifted and talented scholarship if the pupil satisfies the following criteria:

1. The pupil is enrolled in a public school, including an independent charter school, or a private school participating in a parental choice program or the Special Needs Scholarship Program.

2. The pupil is identified as a gifted and talented pupil because the pupil demonstrates evidence of high performance capability in an intellectual, creative, artistic, leadership, or other specific academic area or because the pupil scored in the top 5 percent on a pupil assessment required to be administered under state law.

3. The pupil satisfies the income eligibility criteria under federal law for a free or reduced-price lunch.
In order to receive a scholarship under the program, an eligible pupil must apply to DPI and the pupil’s parent or guardian must agree 1) to comply with compulsory attendance requirements, 2) not to accept a payment, refund, or rebate from a person who provides a service or product that is purchased with a scholarship, and 3) to use the scholarship only for eligible expenses. The bill provides that an eligible expense is any of the following incurred to educate the gifted and talented pupil at an eligible educational provider: tuition and fees, textbooks, payments to a licensed or accredited tutor, payments to purchase a curriculum, tuition and fees for a private online learning program, fees for Advanced Placement exams, private music or art lessons, and any other expenses approved by DPI. The bill defines an eligible educational provider as a public school, including an independent charter school, a private school participating in a parental choice program or the SNSP, any nonprofit organization approved by DPI, a licensed or accredited tutor, and any other provider approved by DPI.

The bill directs DPI to establish and maintain an individual account for each pupil awarded a scholarship under the program. The bill specifies that an account is a record of the scholarships awarded to and disbursements made on behalf of a pupil. The bill directs DPI to develop, by rule, a system to promptly disburse money from a pupil’s account for eligible expenses. The system developed by DPI may include direct payments to providers and reimbursements to parents and guardians for eligible expenses.

Under the bill, any scholarship credited to a pupil’s account remains in his or her account until it is disbursed for an eligible expense or until the account is closed. A pupil’s account is closed when the pupil graduates high school, reaches age 21, is no longer eligible to participate in the program, or is suspended or barred from the program. DPI deposits any amount remaining in a pupil’s account when the account is closed in the state’s general fund.

This bill allows DPI to contract with a private, nonprofit entity to administer the education savings account program for gifted and talented pupils. However, DPI may not execute a contract for the administration of the program unless the contract is approved by the Joint Committee on Finance through a 14-day passive review process.

Finally, the bill requires the Legislative Audit Bureau to conduct a performance audit of the first year of the educational savings account program and file its report with the legislature by January 31, 2020.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
