Analysis by the Legislative Reference Bureau

This bill appropriates $50,000,000 annually to the Wisconsin Economic Development Corporation for the following purposes:

1. The expenditure of moneys for any economic development program WEDC is administering as of the date on which the bill becomes law if the expenditure assists economic development in a rural county.

2. The expenditure of moneys for any economic development program WEDC begins administering after the date on which the bill becomes law if the expenditure assists economic development in a rural county. The bill requires passive review by the Joint Committee on Finance before WEDC first expends moneys appropriated under the bill on each such program and requires WEDC to adopt policies and procedures establishing, to the extent feasible, matching requirements for any such expenditure.

3. Subject to passive review by JCF, awarding grants to other authorities and state agencies if WEDC determines that an authority’s or state agency’s expenditure of the grant moneys will assist economic development in a rural county.

Under the bill, WEDC must submit a report to the Department of Administration no later than June 30 of each fiscal year that describes in detail
SENATE BILL 769

WEDC’s use in that fiscal year of the moneys appropriated under the bill and must repay appropriated amounts to the state that WEDC does not expend or encumber in that fiscal year.

The program under the bill sunsets after 20 years.
