2017 SENATE BILL 845

February 21, 2018 - Introduced by Senators VINEHOUT, RINGHAND and CARPENTER, cosponsored by Representatives VRUWINK, ANDERSON, SPREITZER, NOVAK, SUBECK, BROSTOFF, POPE, BERCEAU and CONSIDINE. Referred to Committee on Elections and Utilities.

1 AN ACT to repeal 66.0422 (2) (c), 66.0422 (4) and 66.0422 (5); and to amend 196.504 (1) (ac) 3. of the statutes; relating to: broadband expansion grant to cities, villages, towns, and counties and ordinances and resolutions regarding telecommunications, cable, video, or broadband service facilities.

Analysis by the Legislative Reference Bureau

This bill eliminates a requirement for a city, village, or town (local government) to prepare a report before holding a public hearing on a proposed ordinance or resolution authorizing the local government to construct or operate facilities for providing telecommunications service, cable television or similar video service, or broadband service to the public. With exceptions, current law prohibits a local government from enacting an ordinance or adopting a resolution authorizing the local government to construct or operate such a facility unless the local government gives notice and holds a public hearing on the proposed ordinance or resolution. In addition, at least 30 days prior to the hearing, current law requires the local government to prepare and make available to the public a report that estimates the total costs and revenues for the facility and includes a cost-benefit analysis of the facility for a period of at least three years. Under this bill, a local government is not required to prepare that report.

The bill also allows a local government or county to apply for a broadband expansion grant without submitting the application in partnership with another applicant. Under current law, the Public Service Commission makes the grants to eligible applicants for constructing broadband facilities in underserved areas.
SENATE BILL 845

Current law specifies that telecommunications utilities and for-profit and not-for-profit organizations are eligible applicants. However, under current law, a local government or county is an eligible applicant only if the local government or county applies for a grant in partnership with a telecommunications utility or for-profit or not-for-profit organization. This bill allows a local government or county to apply for a grant on its own.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 66.0422 (2) (c) of the statutes is repealed.

SECTION 2. 66.0422 (4) of the statutes is repealed.

SECTION 3. 66.0422 (5) of the statutes is repealed.

SECTION 4. 196.504 (1) (ac) 3. of the statutes, as affected by 2017 Wisconsin Act 59, is amended to read:

196.504 (1) (ac) 3. A political subdivision that submits an application in partnership with an eligible applicant under subd. 1. or 2.

(END)
