2017 SENATE BILL 90

March 2, 2017 - Introduced by Senators COWLES, PETROWSKI, MARKLEIN, WIRCH and OLSEN, cosponsored by Representatives STEFFEN, KULP, KREMER, WEATHERSTON, MURSAU, FELZKOWSKI, STUCK, HORLACHER, TUSLER and E. BROOKS. Referred to Committee on Judiciary and Public Safety.

AN ACT to renumber and amend 342.30 (1g); and to create 342.30 (1g) (b) of the statutes; relating to: removal and replacement of a vehicle or vehicle part identification number.

Analysis by the Legislative Reference Bureau
Under current law, no person may remove, alter, obliterate, or intentionally make it impossible to read a vehicle or vehicle part identification number. A person who violates this prohibition may be fined not more than $10,000 or imprisoned for not more than six years, or both.

This bill creates an exception to this prohibition for persons who remove and replace a decal that contains a vehicle or vehicle part identification number when repairing a vehicle or vehicle part if the removal and replacement is reasonably necessary for the repair.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 342.30 (1g) of the statutes is renumbered 342.30 (1g) (a) and amended to read:

342.30 (1g) (a) No Exception as provided in par. (b), no person may remove, alter or obliterate or intentionally make it impossible to read, as required under sub. (2),
an identification number. This subsection does not apply to the obliteration of an
identification number which occurs in the process of crushing a vehicle or vehicle
part for scrap.

SECTION 2. 342.30 (1g) (b) of the statutes is created to read:

342.30 (1g) (b) A person who repairs a vehicle or vehicle part may remove and
replace a decal that contains an identification number if the removal and
replacement is reasonably necessary for the repair.
