PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION

1 AN ACT *to create* 20.235 (1) (dg), 20.235 (1) (dr) and 36.635 of the statutes;
2 relating to: Marquette University School of Dentistry rural scholarship
3 program and making an appropriation.

Analysis by the Legislative Reference Bureau

This bill requires the Higher Educational Aids Board, in consultation with the Department of Health Services, to establish a program for awarding annual scholarships of \$75,000 to no more than five first-year students enrolled in the Marquette University School of Dentistry (school). The scholarships are awarded for each year of enrollment in the school, but not exceeding four years. To be eligible for a scholarship, a student must be a state resident and enter into an agreement with HEAB that he or she will practice dentistry upon graduation for a required number of months in an eligible area, which is a federally designated dental health shortage area that is not located in Brown, Dane, or Milwaukee County. The number of months required is 18 months for each annual scholarship awarded to the student. In addition, the agreement must specify that if a student does not practice dentistry in an eligible area for the required number of months, he or she is liable to the state for an amount that is based on the number of months he or she did not practice in an eligible area. Also, the bill requires HEAB, in cooperation with the school, to make every effort to ensure that students in the program practice dentistry upon graduation in eligible areas that are geographically diverse. Finally, the bill requires HEAB to make grants to the school to defray the school's administrative costs related to the program.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
