Tryg, is this one the draft that's known as the "value reporting error, property tax reimbursement"?

Thanks,

Marc

Hello –

Senator Erpenbach and Representative Pope would like to have this Verona TIF provision which was in the Governor's budget bill, but now removed as one of the 131 items by the Republicans, drafted as a stand-alone bill for both the Senate and the Assembly.

Thanks much.

2019 BILL

wed/Thurs

(gn)

1 AN ACT *to amend* 66.1105 (6) (c); and *to create* 66.1105 (6) (h) of the statutes;
2 relating to: tax increment value reporting errors and property tax
3 reimbursement.

Analysis by the Legislative Reference Bureau

Generally under current law, once a tax incremental district has been created, the Department of Revenue calculates the “tax incremental base” value of the TID, which is the equalized value of all taxable property within the TID at the time of its creation. If the development in the TID increases the value of the property in the TID above the base value, a “value increment” is created. That portion of taxes collected on the value increment in excess of the base value is called a “tax increment.” The tax increment is placed in a special fund that may be used only to pay back the project costs of the TID.

Under this bill, for property values reported in 2018, if a city or village erroneously reports a higher value increment for its TIDs by an aggregate amount of at least \$50 million, the city’s or village’s TIDs may transfer the excess tax increment collections resulting from this error to the city’s or village’s general fund to reimburse taxpayers for the higher property tax rates imposed on them due to this error. Before making any such transfers, the city or village must verify with DOR the amounts involved.

BILL

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 66.1105 (6) (c) of the statutes is amended to read:

2 66.1105 (6) (c) Except for tax increments allocated under par. (d), (dm), (e), (f),
3 or (g), or erroneous reporting of value increments as described in par. (h), all tax
4 increments received with respect to a tax incremental district shall, upon receipt by
5 the city treasurer, be deposited into a special fund for that district. The city treasurer
6 may deposit additional moneys into such fund pursuant to an appropriation by the
7 common council. No moneys may be paid out of such fund except to pay project costs
8 with respect to that district, to reimburse the city for such payments, to pay project
9 costs of a district under par. (d), (dm), (e), (f), or (g), to pay property tax
10 reimbursements as described under par. (h), or to satisfy claims of holders of bonds
11 or notes issued with respect to such district. Subject to par. (d), (dm), (e), (f), or (g),
12 moneys paid out of the fund to pay project costs with respect to a district may be paid
13 out before or after the district is terminated under sub. (7). Subject to any agreement
14 with bondholders, moneys in the fund may be temporarily invested in the same
15 manner as other city funds if any investment earnings are applied to reduce project
16 costs. After all project costs and all bonds and notes with respect to the district have
17 been paid or the payment thereof provided for, subject to any agreement with
18 bondholders, if there remain in the fund any moneys that are not allocated under par.
19 (d), (dm), (e), (f), or (g), they shall be paid over to the treasurer of each county, school
20 district or other tax levying municipality or to the general fund of the city in the
21 amounts that belong to each respectively, having due regard for that portion of the

BILL

1 moneys, if any, that represents tax increments not allocated to the city and that
2 portion, if any, that represents voluntary deposits of the city into the fund.

3 **SECTION 2.** 66.1105 (6) (h) of the statutes is created to read:

4 66.1105 (6) (h) For property values reported to the department of revenue in
5 2018, if a city erroneously reports a higher value increment for its tax incremental
6 districts in an aggregate amount of at least \$50,000,000, that city's tax incremental
7 districts may transfer the excess tax increments collected resulting from this error
8 directly to the city's general fund for the sole purpose of reimbursing taxpayers for
9 the resulting erroneously higher property tax rates imposed on the taxpayers. A city
10 that acts under this paragraph shall verify with the department of revenue the
11 amounts being transferred and disbursed before those transactions may take place.
