1 AN ACT ...; relating to: 97.67 (3) of the statutes; relating to: inspections of
2 recreational and educational camps.

Analysis by the Legislative Reference Bureau

Under current law, an overnight recreational or educational camp must obtain a license from the Department of Agriculture, Trade and Consumer Protection or from the local county or municipal health department. This bill requires DATCP, or the local health department, when issuing a renewal license to a camp, to waive any applicable inspection requirement for two out of every three license years if the camp has been accredited by the American Camp Association. A camp for which the inspection requirement has been waived must comply with all other applicable requirements for the camp.

For further information see the **state and local** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 SECTION 1. 97.67 (3) of the statutes is created to read:
4 97.67 (3) For a recreational or educational camp that is applying for a renewed
5 license under this subchapter, the department or a local health department granted

1 agent status under s. 97.615 (2) shall waive, for 2 out of every 3 license years, any
2 inspection that is required for license renewal if the camp has received accreditation
3 from the American Camp Association for those license years. All other applicable
4 requirements shall apply to the camp.

Hi Joe,
In Mary's absence, could you please convert to /1 so I may jacket? If you just let me know when the electronic version is /1, I can take care of it all from there.

Thanks much!
