Hi Aaron,

Thanks for the work on the amendment for this, but Sen. Larson is going to stick to the P/2 version. Could you get me a (- 1) of this version? We plan to circulate for co-sponsorships this Thursday. Also, Rep. Sargent's office will need an Assembly version.

Thanks,

Nicholas A. Janis

2019 BILL

1 AN ACT *to create* 20.235 (1) (fr), 39.439 and 227.01 (13) (Lt) of the statutes;
 2 **relating to:** creating a grant program to cover tuition and other educational
 3 expenses at public institutions of higher education, granting rule-making
 4 authority, and making an appropriation.

Analysis by the Legislative Reference Bureau

This bill creates a Wisconsin Promise Program, administered by the Higher Educational Aids Board (HEAB), to provide grants to eligible students to cover tuition and other fees (tuition), along with housing and textbook costs as calculated by HEAB using a median per-student figure (other educational expenses), at any University of Wisconsin System institution or college campus, any technical college, or any tribal college in this state (collectively "public institution"). In general, a student is eligible for a grant under the program if the student: 1) is a resident enrolled at least half-time in a public institution; 2) has completed counseling explaining the program; and 3) signs an agreement that includes a promise to graduate with a cumulative grade point average of at least 3.0 and a promise to be continuously employed, subject to certain grace periods, within this state for at least three years after graduation. The grant amount is the amount of the student's tuition and other educational expenses after other financial aid in the form of grants and scholarships has been applied, based on the tuition and expenses level in the student's first year of enrollment and extended for the greater of four semesters or 60 credits. However, with an exception, if a student who receives a grant fails to comply with the terms of the agreement described in item 3), above, the grant

BILL

converts to a loan that must be repaid at an annual interest rate of 5 percent. HEAB must, by rule, provide for a hardship exception under which the student may obtain a waiver under which the grant is not converted to a loan as a result of the student's failure to comply with the terms of the agreement. HEAB must specify standards for the determination of hardship and a process for seeking a waiver from HEAB.

The bill also provides that a student who is not a U.S. citizen is eligible for grants under the program if he or she satisfies the requirements described above, as well as the following: 1) the student graduated from a Wisconsin high school or received a declaration of equivalency of high school graduation from Wisconsin; 2) the student was continuously present in Wisconsin for at least three years following the first day of attending a Wisconsin high school or immediately preceding receipt of a declaration of equivalency of high school graduation; and 3) the student enrolls in a public institution and provides the institution with an affidavit stating that he or she has filed or will file an application for permanent residency with U.S. Citizenship and Immigration Services as soon as the student is eligible to do so.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
