Topic:

Legibly printed names of persons signing recall petitions (June 20, 2017, memo, item 55)

Instructions:

§ 9.10(2)(e). This provision provides the reasons to not count recall petition signatures. In 2013 Wisconsin Act 160, the Legislature required that all petitions include the legibly printed name of the signer. While 2013 Act 160 required the printed name for nomination papers and petitions, it did not add the same requirement for recall petitions. The Legislature could correct this by adding to this section a reason not to count a recall petition signature if the printed name is not legible. The sections that cover the requirements for petitions are also inconsistent. Sections related to nomination papers and petitions affirm the requirements of what individuals must provide, whereas the section on recall petitions identifies when not to count signatures. Alternatively, the Legislature could revise this provision to state the information a recall petition must contain in order to count a signature, similar to the other sections.
