Subject: Re-Draft of 2017 SJR 45
Attachments: 201903080940.pdf

Dear Cathlene,

Can you please re-draft 2017 SJR 45 for our office and also provide an Assembly companion draft as the Ott office wants to co-sponsor.

Attached you'll find SJR 45 with a few edits and updates written in.

If you have questions, please call me at 6-2509.

Kind thanks,

Christopher Seitz
Office of Senator Tom Tiffany

1 headaches and neck stiffness, pain and swelling in large joints, fatigue, cognitive
2 decline, shooting pains, and heart palpitations; and

3 Whereas, although Lyme disease is often difficult to diagnose, the disease can
4 be treated successfully with oral antibiotics, injectable antibiotics, and/or natural
5 antimicrobials if it is detected early; and

6 Whereas, the best ways to prevent Lyme disease are to avoid wooded and bushy
7 areas with high grass, use repellants with 20 to 30 percent DEET, wear light-colored
8 clothing to cover exposed skin, and check skin thoroughly after being in areas where
9 ticks may be present; and

10 Whereas, according to the Centers for Disease Control and Prevention, in ²⁰¹⁷ ~~2014~~,
11 nearly ⁹⁴ ~~96~~ percent of the over ^{29,513} ~~25,359~~ Lyme disease cases in the United States were
12 reported from only ¹⁴ ~~14~~ states, with over ^{1,794} ~~2,975~~ of them reported from the state of
13 Wisconsin; and

14 Whereas, it is important to provide information and raise public awareness of
15 Lyme disease causes, effects, and treatments and to emphasize important education
16 and research efforts surrounding Lyme disease and other tick-borne diseases; now,
17 therefore, be it

18 **Resolved by the senate, the assembly concurring, That** the legislature
19 recognizes May ²⁰¹⁹ ~~2017~~ as Lyme Disease Awareness Month in Wisconsin and
20 commends this observance to all residents; and, be it further

21 **Resolved, That** the legislature calls upon all residents to learn about the
22 importance of tick avoidance and personal protection, tick detection and removal, the
23 signs and symptoms of tick-borne illnesses, and the need for prompt diagnosis and
24 treatment of Lyme disease.

2017 SENATE JOINT RESOLUTION 45

April 27, 2017 - Introduced by Senators LASEE, CARPENTER, OLSEN, SHILLING, L. TAYLOR, TIFFANY, VINEHOUT, DARLING and HARSDOFF, cosponsored by Representatives OTT, ANDERSON, E. BROOKS, CROWLEY, HEBL, HORLACHER, KLEEFISCH, KULP, MEYERS, MURPHY, PETRYK, RIPP, ROHRKASTE, SHANKLAND, SINICKI, SPREITZER, TITTL and HINTZ. Referred to Committee on Senate Organization.

1 **Relating to:** proclaiming May 2017⁹ as Lyme Disease Awareness Month.

2 Whereas, Lyme disease is a bacterial disease transmitted to humans by an
3 infected tick commonly known as the black-legged or deer tick; and

4 Whereas, according to the Wisconsin Department of Health Services, the
5 disease was first recognized in the United States in 1975 in Lyme, Connecticut; and

6 Whereas, Lyme disease is the most commonly reported vector-borne illness in
7 the United States, with an estimated 300,000 Americans diagnosed each year, and
8 it is also the highest reported tick-borne disease in Wisconsin, with 38,394 cases ^{more than} 38,000
9 reported between 1990⁸⁰ and 2015; and

10 Whereas, signs and symptoms generally set in after 3-30 days and commonly
11 include a fever, headache, fatigue, and a circular skin rash called erythema migrans
12 (“EM”); and

13 Whereas, if left untreated, the infection may spread to other parts of the body,
14 producing symptoms that include additional EM lesions, facial or Bell’s palsy, severe

1 headaches and neck stiffness, pain and swelling in large joints, fatigue, cognitive ✓
2 decline, shooting pains, and heart palpitations; and

3 Whereas, although Lyme disease is often difficult to diagnose, the disease can
4 be treated successfully with oral antibiotics, injectable antibiotics, ^{and/or} natural ^{stet} ✓
5 antimicrobials if it is detected early; and

6 Whereas, the best ways to prevent Lyme disease are to avoid wooded and bushy
7 areas with high grass, use repellants with 20 to 30 percent DEET, wear light-colored
8 clothing to cover exposed skin, and check skin thoroughly after being in areas where ✓
9 ticks may be present; and ✓

10 Whereas, according to the Centers for Disease Control and Prevention, in 2014,
11 nearly 96 percent of the over 25,359 Lyme disease cases in the United States were ✓
12 reported from only 14 states, with over 2,975 of them reported from the state of ✓
13 Wisconsin; and

14 Whereas, it is important to provide information and raise public awareness of
15 Lyme disease causes, effects, and treatments and to emphasize important education ✓
16 and research efforts surrounding Lyme disease and other tick-borne diseases; now,
17 therefore, be it

18 **Resolved by the senate, the assembly concurring, That** the legislature
19 recognizes May 2017¹⁹ as Lyme Disease Awareness Month in Wisconsin and ✓
20 commends this observance to all residents; and, be it further

21 **Resolved, That** the legislature calls upon all residents to learn about the ✓
22 importance of tick avoidance and personal protection, tick detection and removal, the
23 signs and symptoms of tick-borne illnesses, and the need for prompt diagnosis and
24 treatment of Lyme disease.

Subject: LRB-2392/1 draft changes

Hi Cathlene,

Thank you for your help with drafting LRB-2392/1 regarding Lyme Disease Awareness Month. We contacted the DHS and received some updated information that we are hoping you could change.

Here are the corrections they sent:

"On the first page Lines 8 change 38,000 to 45,000. On Line 9 change 2015 to 2017.

On page 2 line 4

"And/or natural antimicrobials" is not the preferred treatment guidance. We recommend striking this."

Thank you very much,

Christopher Seitz

Hi Cathlene,

I am having trouble clicking the button to jacket LRB-2392/2. Can you please also draft an identical companion bill for Rep. Ott.

Thank you very much,
