1 **Relating to:** prohibiting the governor from using the partial veto to increase state
2 expenditures. *(first consideration)*

Analysis by the Legislative Reference Bureau

This proposed constitutional amendment, proposed to the 2019 legislature on first consideration, amends the Wisconsin Constitution to prohibit the governor, in exercising his or her partial veto power over an appropriations bill, from increasing state expenditures for any purpose over that provided in the enrolled bill. Currently, in exercising the partial veto power, the governor is limited only insofar as that he or she may not create a new word by rejecting individual letters in the words of the enrolled bill, and may not create a new sentence by combining parts of two or more sentences of the enrolled bill.
