Subject: RE: Risser amendment request for SJR-69

Importance: High

Hi Cathlene,

Fred has asked for a new modified amendment.

From SJR-69, delete page 3, line 16 "fully supports basing the next generation of freedom fighting aircraft in the state of Wisconsin."

And insert "requests the U.S. Air Force to further review the environmental impact of locating the F-35's at Truax in Madison with special emphasis on the health effects of the noise

Concerns prior to making any final decision of locating the F-35's at Truax Field, Madison."

Thanks Cathlene, I appreciate it.

Terry

Hi Rick, Cathlene,

Senator Risser has an amendment he would like drafted to SJR-69. The initials of the drafting attorney CWW do not show up on your websites listing of drafting attorneys by name. So would you forward this request to the appropriate person? If possible, could you put a rush on this and maybe get it to us by the end of the day?

This amendment would add a "further resolved" to page 3, line 17.

"Further resolved that the Wisconsin Legislature requests the United States Air Force to further review the environmental impact of locating the F-35's at Truax Field in Madison with special emphasis on the health effects of the noise concerns prior to making any final decision on locating the F-35's at Truax Field, Madison."
