Agency Acronym: 192

Agency Number: 192

Priority: Medium

Intent:

Modify s. 20.192 (1)(a) to specify that, beginning with fiscal year 2019-20 and applying every year thereafter, the GPR appropriation will be equal to the amount obtained by subtracting from \$41,550,700 the amounts under ss. 20.192 (1)(r) and (1)(s). Specify, as under current law, that no more than \$16,512,500 may be expended from the appropriation in any fiscal year and no moneys may be expended from the appropriation unless the s. 20.192(1)(r) balance is \$0.

Remove the similar existing language relating to fiscal years 2017-18 and 2018-19 for the purpose of eliminating non-applicable language.

I think that works.

I think you are right. Placing the "less the amounts appropriated under par. (r)" in that spot confuses the equation. I could redraft it to remove that language and restore the last clause in the paragraph. Although, I think we might want to say, "no moneys may be expended from this appropriation unless the **unencumbered** balance of the appropriation under par. (r) is \$0."

What do you think?

Mike,

On this draft, I am wondering if the "less the amounts appropriated under par. (r)" on line 4 is duplicative with the language later that would have the GPR appropriation be \$41,550,700 minus (r) and (s).

I remember talking about it at the time you wrote this up, but upon reflection I'm wondering if we might have been overthinking it. What are your thoughts?

Thanks.
