1. Personal electronic computing devices grant program

The bill eliminates the personal electronic computing devices grant program after the 2019-20 school year. Under the personal electronic devices grant program, DPI awards grants to public, private, and tribal schools to purchase personal electronic computing devices, software for personal electronic computing devices, and curricula that is accessible on personal electronic computing devices. The grants may also be used to train professional staff on the effective use of personal electronic devices in an educational setting. For a grant awarded to a school district in the 2019-20 school year, the bill specifies that the grant amount is based on the number of pupils enrolled in the school district in the current school year. Under current law, a grant to a school district is calculated based on the school district's membership in the previous school year.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
