1 AN ACT relating to: the budget.

Analysis by the Legislative Reference Bureau

This bill transfers from DWD to DPI the authority and obligation to award career and technical education (CTE) incentive grants and completion awards. Under current law, DWD approves industry-recognized certification programs designed to 1) mitigate workforce shortages; and 2) prepare individuals for occupations as fire fighters, emergency medical responders, and emergency medical services practitioners (public safety occupations). Currently, DWD must award CTE incentive grants to school districts that have programs approved by DWD and the amount of each grant depends on the number of pupils who complete the school district's programs. DWD also must award CTE completion awards to pupils for each DWD-approved program the pupil completes that is related to public safety occupations. The bill also transfers program approval authority from DWD to DPI.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

This

The bill transfers from DWD to DPI the authority and obligation to award career and technical education (CTE) incentive grants and completion awards. Under current law, DWD approves industry-recognized certification programs designed to 1) mitigate workforce shortages; and 2) prepare individuals for occupations as fire fighters, emergency medical responders, and emergency medical services practitioners (public safety occupations). Currently, DWD must award CTE incentive grants to school districts that have programs approved by DWD and the amount of each grant depends on the number of pupils who complete the school district's programs. DWD also must award CTE completion awards to pupils for each DWD-approved program the pupil completes that is related to public safety occupations. The bill also transfers program approval authority from DWD to DPI.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
