### Analysis by the Legislative Reference Bureau

This bill requires the Elections Commission to use all feasible means to facilitate the registration of all eligible electors of this state and to maintain the registration of all eligible electors for so long as they remain eligible, except as the law specifically requires electors to take some action to continue their registrations. Under the bill, the commission must attempt to facilitate the initial registration of all eligible electors no later than July 1, 2021. To facilitate the initial registration, the bill directs the commission and the Department of Transportation to enter into an agreement so that DOT may transfer specified personally identifiable information in DOT's records to the commission. The bill requires the commission to maintain the confidentiality of any information it obtains under the agreement and allows a driver's license or identification card applicant to "opt out" of DOT's transfer of this information to the commission. Once the commission obtains all the information required under current law to complete an elector's registration, the commission adds the elector's name to the statewide registration list. The information then becomes accessible on the Internet. The bill also permits an

DOT

**ASSEMBLY BILL 609**

individual whose name is added to the registration list or who wishes to permanently exclude his or her name from the list to file a request to have his or her name deleted or excluded from the list or to revoke a deletion or exclusion request previously made. A deletion or exclusion request or revocation of a deletion or exclusion request may be made in the manner prescribed by the commission. In addition, the bill directs the commission to notify an individual by first class postcard whenever the commission removes his or her name from the registration list or changes his or her status on the list from eligible to ineligible.

The bill also directs the elections commission to report to the appropriate standing committees of the legislature, no later than July 1, 2019, concerning its progress in initially implementing the registration system created by the bill. The report must contain an assessment of the feasibility and desirability or integration of registration information with information maintained by the departments of health services, children and families, workforce development, revenue, regulation and licensing, and natural resources; the University of Wisconsin System; and the Technical College System Board, as well as with the technical colleges in each technical college district.

Under current law, a qualified elector with a current and valid driver's license or identification card issued by DOT may register to vote electronically on a secure Internet site maintained by the elections commission. To register electronically under current law a qualified elector must also authorize DOT to forward a copy of his or her electronic signature to the commission. The authorization affirms that all information provided by the elector is correct and has the same effect as a written signature on a paper copy of the registration form. Finally, current law requires the commission and DOT to enter into an agreement that permits the commission to verify the necessary registration information instantly by accessing DOT's electronic files.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

9 discrepancies between the information obtained under sub. (2) regarding an elector  
10 and the information in the registration list under s. 6.36 (1) (a) regarding that same  
11 elector, the commission shall contact the elector by mail or telephone or in person to  
12 resolve the discrepancies. If the commission is able to resolve the discrepancies after

4 (5) The commission shall attempt to contact individuals described in sub. (4)  
5 if necessary to obtain all the information specified in s. 6.33 (1) pertaining to the

15 who files an exclusion or deletion request under this subsection may revoke his or  
16 her request by the same means that an individual may request an exclusion or

**ELECTIONS**

This bill requires the Elections Commission to facilitate the registration of all eligible electors of this state and to maintain the registration of all eligible electors for so long as they remain eligible. The bill directs the commission and DOT to enter into an agreement so that DOT may transfer information in DOT's records to the commission. The bill requires the commission to maintain the confidentiality of any information it obtains under the agreement and allows a driver's license or identification card applicant to "opt out" of DOT's transfer of this information to the commission. Once the commission obtains all the information required under current law to complete an elector's registration, the commission adds the elector's name to the statewide registration list.

The bill also directs the Elections Commission to report to the appropriate standing committees of the legislature, no later than July 1, 2020, concerning its progress in implementing the registration system created by the bill. The report must contain an assessment of the feasibility of integrating registration information with information maintained by other agencies.

17           **(3)** The commission shall compare the information obtained under sub. (2) with  
18 the information in the registration list under s. 6.36 (1) (a). If the commission finds  
19 discrepancies between the information obtained under sub. (2) regarding an elector  
20 and the information in the registration list under s. 6.36 (1) (a) regarding that same  
21 elector, the commission shall contact the elector by mail or telephone or in person to  
22 resolve the discrepancies. If the commission is able to resolve the discrepancies after  
23 contacting the elector, the commission shall update the information on the  
24 registration list. If the commission is unable to contact the elector, the commission  
25 shall resolve any discrepancies in favor of the information in the registration list.

1           (4) Except as provided in this subsection and sub. (7), if the commission  
2 concludes that an individual appears eligible to vote in this state but is not  
3 registered, and the commission has obtained from reliable sources all the  
4 information required under s. 6.33 (1) to complete the individual's registration, the  
5 commission shall enter the individual's name on the registration list. If the  
6 commission has not obtained from reliable sources all the information pertaining to  
7 an individual that is required under s. 6.33 (1), the commission shall attempt to  
8 obtain from reliable sources the necessary information under s. 6.33 (1) that is  
9 required to complete the individual's registration. If a municipality has changed the  
10 status of an elector from eligible to ineligible under s. 6.50 (1) and the elector's  
11 eligibility, name, or residence has not changed, the commission may not change the  
12 individual's name to eligible status unless the commission first verifies that the  
13 individual is eligible and wishes to change his or her status to eligible.

14           (5) The commission shall attempt to contact individuals described in sub. (4)  
15 if necessary to obtain all the information specified in s. 6.33 (1) pertaining to the  
16 individual that is required to complete the individual's registration.

17           (6) If the commission is able to obtain all the required information specified in  
18 s. 6.33 (1) pertaining to an individual, the commission shall enter the name of the  
19 individual on the registration list maintained under s. 6.36 (1) (a).

20           (7) Any individual may file a request with the commission to exclude his or her  
21 name from the registration list. Any individual whose name is added to the  
22 registration list by the commission may file a request with the commission or a  
23 municipal clerk to have his or her name deleted from the list. A request for exclusion  
24 or deletion shall be filed in the manner prescribed by the commission. An individual  
25 who files an exclusion or deletion request under this subsection may revoke his or

1 her request by the same means that an individual may request an exclusion or  
2 deletion. The commission shall ensure that the name of any individual who has filed  
3 an exclusion or deletion request under this subsection is excluded from the  
4 registration list or if the individual's name appears on the list, is removed from the  
5 registration list and is not added to the list at any subsequent time unless the  
6 individual files a revocation of his or her request under this subsection.

7 (8) If the commission removes from the registration list the name of an elector  
8 who does not request that his or her name be deleted, other than to correct an entry  
9 that the commission positively determines to be a duplication or to change the name  
10 of an individual who is verified to be deceased to ineligible status, the commission  
11 shall mail the individual a notice of the removal or change in status by 1st class  
12 postcard at the individual's last-known address. The notice shall provide that the  
13 individual may apply to have his or her status changed to eligible if he or she is a  
14 qualified elector.

15 (9) The commission shall attempt to facilitate the initial registration of all  
16 eligible electors, except as otherwise provided in this section, as soon as practicable.

17 (10) The commission shall maintain the confidentiality of all information  
18 obtained from the department of transportation under sub. (2) and may use this  
19 information only for the purpose of carrying out its functions under sub. (1) and s.  
20 6.34 (2m) and in accordance with the agreement under s. 85.61 (1).

23 of qualified electors who register and vote under this section to the registration list.  
24 The clerk or clerk's agent shall add the names of qualified electors who vote at their  
25 polling places in the manner prescribed in s. 6.33 (5) (a).

1           **SECTION 4.** 6.33 (2) (a) of the statutes is amended to read:

3 shall record the ward and aldermanic district, if any, other geographic information  
4 under sub. (1), the indication of whether the registration is received by mail, and the  
5 type of identifying document submitted by the elector as proof of residence under s.  
6 6.34 or the indication of verification of information in lieu of proof of residence under  
7 s. 6.34 (2m). Except as provided in s. 6.30 (5), each elector shall sign his or her own  
8 name unless the elector is unable to sign his or her name due to physical disability.  
9 In such case, the elector may authorize another elector to sign the form on his or her  
10 behalf. If the elector so authorizes, the elector signing the form shall attest to a  
11 statement that the application is made upon request and by authorization of a named  
12 elector who is unable to sign the form due to physical disability.

13           **SECTION 5.** 6.35 (3) of the statutes is amended to read:

18 clerk's designated agent, or the board of election commissioners.

20           6.86 (3) (c) An application under par. (a) 1. may be made and a registration form  
21 under par. (a) 2. may be filed in person at the office of the municipal clerk not earlier  
22 than 7 days before an election and not later than 5 p.m. on the day of the election.  
23 A list of hospitalized electors applying for ballots under par. (a) 1. shall be made by  
24 the municipal clerk and used to check that the electors vote only once, and by  
25 absentee ballot. If Except as provided in s. 6.34 (2m), if the elector is registering for

1 the election after the close of registration or if the elector registered by mail or by  
2 electronic application and has not voted in an election in this state, the municipal  
3 clerk shall inform the agent that proof of residence under s. 6.34 is required and the  
4 elector shall enclose proof of residence under s. 6.34 in the envelope with the ballot.  
5 The clerk shall verify that the name on any required proof of identification presented  
6 by the agent conforms to the name on the elector's application. The clerk shall then  
7 enter his or her initials on the carrier envelope indicating that the agent presented  
8 proof of identification to the clerk. The agent is not required to enter a signature on  
9 the registration list. The ballot shall be sealed by the elector and returned to the  
10 municipal clerk either by mail or by personal delivery of the agent; but if the ballot  
11 is returned on the day of the election, the agent shall make personal delivery to the  
12 polling place serving the hospitalized elector's residence before the closing hour or,  
13 in municipalities where absentee ballots are canvassed under s. 7.52, to the

20 identifiable information in the operating record file database under ch. 343 and  
21 vehicle registration records under ch. 341 to the extent required to enable the  
22 secretary of transportation and the administrator of the elections commission to  
23 verify the accuracy of the information provided for the purpose of voter registration.  
24 Notwithstanding ss. 110.09 (2), 342.06 (1) (eg), and 343.14 (2j), but subject to s.

9 (b) If the applicant elects not to have the information described in s. 6.256 (2)  
10 made available for the purposes specified in s. 6.256 (1) and (3), the department shall  
11 not make this information available for these purposes. This paragraph does not  
12 preclude the department from making available to the elections commission  
13 information for the purposes specified in s. 6.34 (2m) or for any purpose other than  
14 those specified in s. 6.256 (1) and (3).

21 and utility of information integration with the department of transportation and the  
22 feasibility and desirability of integrating public information maintained by other  
23 state agencies and by technical colleges with the commission's registration

11 encumbrance or expenditure. If the cochairpersons do not notify the administrator  
12 that the committee has scheduled a meeting for the purpose of reviewing the  
13 proposed expenditure within 14 working days after the date of the administrator's  
14 notification, the commission may encumber or expend the money as proposed. If,  
15 within 14 working days after the date of the administrator's notification, the  
16 cochairpersons notify the administrator that the committee has scheduled a meeting  
17 for the purpose of reviewing the proposed encumbrance or expenditure, the

*Analysis by the Legislative Reference Bureau*

**ELECTIONS**

**1. Automatic voter registration**

This bill requires the Elections Commission to facilitate the registration of all eligible electors of this state and to maintain the registration of all eligible electors for so long as they remain eligible. The bill directs the commission and DOT to enter into an agreement so that DOT may transfer information in DOT's records to the commission. The bill requires the commission to maintain the confidentiality of any information it obtains under the agreement and allows a driver's license or identification card applicant to "opt out" of DOT's transfer of this information to the commission. Once the commission obtains all the information required under current law to complete an elector's registration, the commission adds the elector's name to the statewide registration list.

The bill also directs the Elections Commission to report to the appropriate standing committees of the legislature, no later than July 1, 2020, concerning its progress in implementing the registration system created by the bill. The report must contain an assessment of the feasibility of integrating registration information with information maintained by other agencies.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

7 identifiable information maintained by the department of transportation. Subject  
8 to s. 343.14 (2p) (b), the agreement shall provide for the electronic transfer of  
9 information under s. 6.256 (2) to the commission on a continuous basis, no less often  
10 than monthly.

11           **SECTION 2.** 6.256 of the statutes is created to read:

12           **6.256 Commission shall facilitate registration of electors. (1)** Except as  
13 provided for electors specified in sub. (7) and as otherwise expressly provided, the

19 under sub. (1), the commission shall obtain the following information from the  
20 department of transportation, to the extent that the department has the  
21 information:

1 (a) The full name of each individual who holds a current operator's license

17 (3) The commission shall compare the information obtained under sub. (2) with  
18 the information in the registration list under s. 6.36 (1) (a). If the commission finds  
19 discrepancies between the information obtained under sub. (2) regarding an elector  
20 and the information in the registration list under s. 6.36 (1) (a) regarding that same  
21 elector, the commission shall contact the elector by mail or telephone or in person to  
22 resolve the discrepancies. If the commission is able to resolve the discrepancies after  
23 contacting the elector, the commission shall update the information on the  
24 registration list. If the commission is unable to contact the elector, the commission  
25 shall resolve any discrepancies in favor of the information in the registration list.

1           (4) Except as provided in this subsection and sub. (7), if the commission

9 required to complete the individual's registration. If a municipality has changed the  
10 status of an elector from eligible to ineligible under s. 6.50 (1) and the elector's  
11 eligibility, name, or residence has not changed, the commission may not change the  
12 individual's name to eligible status unless the commission first verifies that the  
13 individual is eligible and wishes to change his or her status to eligible.

14           (5) The commission shall attempt to contact individuals described in sub. (4)  
15 if necessary to obtain all the information specified in s. 6.33 (1) pertaining to the  
16 individual that is required to complete the individual's registration.

17           (6) If the commission is able to obtain all the required information specified in  
18 s. 6.33 (1) pertaining to an individual, the commission shall enter the name of the  
19 individual on the registration list maintained under s. 6.36 (1) (a).

20           (7) Any individual may file a request with the commission to exclude his or her

24 or deletion shall be filed in the manner prescribed by the commission. An individual  
25 who files an exclusion or deletion request under this subsection may revoke his or

1 her request by the same means that an individual may request an exclusion or  
2 deletion. The commission shall ensure that the name of any individual who has filed  
3 an exclusion or deletion request under this subsection is excluded from the  
4 registration list or if the individual's name appears on the list, is removed from the  
5 registration list and is not added to the list at any subsequent time unless the  
6 individual files a revocation of his or her request under this subsection.

7 (8) If the commission removes from the registration list the name of an elector  
8 who does not request that his or her name be deleted, other than to correct an entry  
9 that the commission positively determines to be a duplication or to change the name  
10 of an individual who is verified to be deceased to ineligible status, the commission  
11 shall mail the individual a notice of the removal or change in status by 1st class  
12 postcard at the individual's last-known address. The notice shall provide that the  
13 individual may apply to have his or her status changed to eligible if he or she is a  
14 qualified elector.

7 s. 6.34 (2m). Except as provided in s. 6.30 (5), each elector shall sign his or her own  
8 name unless the elector is unable to sign his or her name due to physical disability.  
9 In such case, the elector may authorize another elector to sign the form on his or her  
10 behalf. If the elector so authorizes, the elector signing the form shall attest to a  
11 statement that the application is made upon request and by authorization of a named  
12 elector who is unable to sign the form due to physical disability.
