① AN ACT ...; relating to: grants for community policing officers.

*Analysis by the Legislative Reference Bureau*

sub-sub

Under current law, DOJ must award grants to cities with a population of at least 25,000 to pay salaries and fringe benefits of beat patrol law enforcement officers so that the cities may employ additional officers or to reimburse overtime hours for the officers. DOJ must award the grants to the 10 applicant cities that have the highest rates of violent crime, and recipients must provide matching funds of at least 25 percent of the grant. This bill adds that DOJ may, using the same criteria for the current law grants, also award grants to pay salaries and fringe benefits of law enforcement officers who perform community policing services so that the cities may employ additional officers who perform such services or to reimburse overtime hours for those officers.

2 SECTION 1. 165.986 (title), (1), (2), (3) and (7) (intro.), (a) and (b) of the statutes  
3 are amended to read:

4 **165.986 (title) Beat patrol and community policing officers; grant**  
5 **program.** (1) The department of justice shall provide grants from the appropriation

1 under s. 20.455 (2) (kb) to cities to employ additional uniformed law enforcement  
2 officers whose primary duty is beat patrolling or who are assigned to community  
3 policing. A city is eligible for a grant under this subsection in fiscal year 1994-95 if  
4 the city has a population of 25,000 or more. A city may receive a grant for a calendar  
5 year if the city applies for a grant before September 1 of the preceding calendar year.  
6 Grants shall be awarded to the 10 eligible cities submitting an application for a grant  
7 that have the highest rates of violent crime index offenses in the most recent full  
8 calendar year for which data is available under the uniform crime reporting system  
9 of the federal bureau of investigation.

10 (2) A city applying to the department of justice for a grant under sub. (1) shall  
11 include a proposed plan of expenditure of the grant moneys. The grant moneys that  
12 a city receives under sub. (1) may be used for salary and fringe benefits only. Except  
13 as provided in sub. (3), the positions for which funding is sought must be created on  
14 or after April 21, 1994, and result in a net increase in the number of uniformed law  
15 enforcement officers assigned to beat patrol duties or community policing.

16 (3) During the first 6 months of the first year of a grant under sub. (1), a city  
17 may, with the approval of the department, use part of the grant for the payment of  
18 salary and fringe benefits for overtime provided by uniformed law enforcement  
19 officers whose primary duty is beat patrolling or who are assigned to community  
20 policing. A city may submit a request to the department for a 3-month extension of  
21 the use of the grant for the payment of overtime costs. To be eligible to use part of  
22 the first year's grant for overtime costs, the city shall provide the department with  
23 all of the following:

24 (a) The reasons why uniformed law enforcement officers assigned to beat patrol  
25 duties or community policing need to work overtime.

1 (b) The status of the hiring and training of new uniformed law enforcement  
2 officers who will have beat patrol duties or who are assigned to community policing.

3 (c) Documentation that a sufficient amount of the grant for the first year will  
4 be available, during the period remaining after the payment of overtime costs, to pay  
5 the salary and fringe benefits of the same number of uniformed officers whose  
6 primary duty is beat patrolling or who are assigned to community policing that the  
7 grant originally planned to pay.

8 (7) (intro.) From the appropriation under s. 20.455 (2) (jc), the department shall  
9 make grants in amounts determined by the department to cities with a population  
10 of 25,000 or more to reimburse overtime costs for uniformed law enforcement officers  
11 whose primary duty is beat patrolling or who are assigned to community policing,  
12 except that the department may award no more than \$400,000 to a city for a calendar  
13 year. The grants may be used for salary and fringe benefits only. The grants may  
14 be awarded only to the 10 eligible cities submitting an application for a grant that  
15 have the highest rates of violent crime index offenses in the most recent full calendar  
16 year for which data is available under the uniform crime reporting system of the  
17 federal bureau of investigation. A city may receive a grant for a calendar year if the  
18 city applies before September 1 of the preceding calendar year and provides the  
19 department all of the following:

20 (a) The reasons why uniformed law enforcement officers assigned to beat patrol  
21 duties or community policing need to work overtime.

22 (b) The status of the hiring and training of new uniformed law enforcement  
23 officers who will have beat patrol duties or will be assigned to community policing.
