#### 1. Community youth and family aids

Under current law relating to community youth and family aids, generally referred to as "youth aids," DCF is required to allocate to counties various state and federal moneys to pay for state-provided juvenile correctional services and local delinquency-related and juvenile justice services. This bill sets the amounts of youth aids that DCF must allocate to counties in the 2019–21 fiscal biennium.

The bill appropriates to DCF a sum sufficient for youth aids-related purposes but only to reimburse counties, beginning on January 1, 2021, for costs associated with juveniles who were alleged to have violated a state or federal criminal law or any civil law or municipal ordinance at age 17 or who were adjudicated delinquent at age 17 and for costs incurred to establish, alone or jointly with one or more counties, a secured residential care center for children and youth. The bill requires DCF, between January 1, 2021, and June 30, 2021, to consult with county representatives to determine those expenses that are eligible for reimbursement and to evaluate modifications to the youth aids formula.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

I see what you are saying, let me come at this from a different angle. Instead of what I suggested, would it make sense for 48.5276 to be written "...the department shall reimburse counties for the <u>one-time start-up</u> costs under 48.526..."

I think I see what you're saying, and I think there is nothing I can do in the draft to make that happen. Rather, Fiscal Bureau will make that clear in the schedule entry. As I understand it, if the ch. 20 schedule shows \$0 in FY20 and \$X in FY21 (X being whatever amount this approp is funded at for that fiscal year), then the "base funding" for that approp for the 21-23 biennium will be \$0. It is based off of the 1st year of the previous biennium.

Good question, let me clarify what I mean. I do not want repeal the appropriation at the end of the biennium. My intent in drafting this is not to eliminate the possibility of continuing this funding in the future, rather my point is to say that this would be one-time financing in FY21, which would leave the option of continuing the funding in future fiscal years if it is desired. Does that make sense?

Also, I think the only way to ensure the funding doesn't continue to the next biennium is to repeal the appropriation effective at the end of this biennium, so June 30, 2021. Does that work for you?

On it! One question – for 2064, the wording would now be "the department of children and families **shall consult with** county representatives ... **to consult on** modifications to the community youth and family aids formula..." Which seems redundant. Could I say instead "the department of children and families shall consult with county representatives ... on modifications to the community youth and family aids formula..."?

Hi Lis,

In 2064/P6, can you add in 48.5276 that this will be one-time financing, meaning that as it is written now, it will not continue into the 21-23 biennium. Also, in section 9106, can you remove "evaluate" in the second to last line and write "consult on" instead? It would be "... ss. 48.5275 and 48.5276 and to consult on modifications to the community youth..."

In 1909/P2, I need to once again update the numbers to now be \$78,708,100 in FY20 and \$90,478,400 in FY21. I do not expect this one to change again.

I really appreciate your patience and work on all of this.

#### 1. Community youth and family aids

Under current law relating to community youth and family aids, generally referred to as "youth aids," DCF is required to allocate to counties various state and federal moneys to pay for state-provided juvenile correctional services and local delinquency-related and juvenile justice services. This bill sets the amounts of youth aids that DCF must allocate to counties in the 2019–21 fiscal biennium.

The bill appropriates to DCF a sum sufficient for youth aids-related purposes but only to reimburse counties, beginning on January 1, 2021, for costs associated with juveniles who were alleged to have violated a state or federal criminal law or any civil law or municipal ordinance at age 17 or who were adjudicated delinquent at age 17. The bill also provides funding and requires DCF to reimburse counties for one-time start-up costs incurred for youth aids-related purposes in establishing, alone or jointly with one or more counties, a secured residential care center for children and youth. The bill requires DCF to consult with county representatives to determine those expenses that are eligible for reimbursement and to evaluate modifications to the youth aids formula.
