#. Infant Mortality Prevention program

This bill requires DHS to reallocate five of its vacant, full-time equivalent positions to create an Infant Mortality Prevention program.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

2 **SECTION 9119. Nonstatutory provisions; Health Services.**

3 (1) INFANT MORTALITY PREVENTION PROGRAM. The department of health services
4 shall reallocate 5.0 FTE positions that are authorized for the department of health
5 services and that are vacant on the effective date of this act to create an Infant

1 ~~Mortality Prevention~~ program. The department of health services shall report in its
2 2021-23 budget request this reallocation of positions.

Subject: RE: 2092/P1

Nathan,

I would never use the word "deploy" in that context. I don't know what it means except "allocate" or maybe "use", which are more appropriate words that I would use. I can change "reallocate" to "allocate" and remove the phrase about the positions being vacant and then I think the draft would mean exactly the same thing as the language below. Does that work for you?

Subject: 2092/P1

Tami,

Please amend 2092/P1 to reflect the example language below as you see appropriate.

(1) INFANT MORTALITY PREVENTION PROGRAM. The department of health services shall deploy the equivalent of 5.0 full time positions among its current authorized positions to staff an infant mortality prevention program. The department of health services shall include in its 2021-23 budget request any necessary budgetary adjustments to reflect the deployment of these positions.

Thank you,
