***1. Changes to Special Needs Scholarship Program***

Under current law, a child with a disability who meets certain eligibility criteria may receive a scholarship to attend a private school participating in the Special Needs Scholarship Program. This bill makes the following changes to the SNSP:

1. The bill provides that, beginning in the 2020-21 school year, DPI may not provide an SNSP scholarship to a child to attend a private school unless the child was attending a private school under the SNSP in the 2019-20 school year. In addition, if the child does not attend a private school under an SNSP scholarship in any school year after the 2019-20 school year, DPI may not provide an SNSP scholarship to the child for any subsequent school year.

2. 2017 Wisconsin Act 59, the 2017 biennial budget act, created a process that allows the per pupil payment under the SNSP to be determined based on the actual costs to educate the pupil in the previous school year, as reported by the private school. The first SNSP payments based on the actual costs will be paid in the 2019-20 school year based on the actual costs reported for the 2018-19 school year. The bill repeals the process for determining SNSP per pupil payments based on actual costs and reinstates the per pupil payment amount under the SNSP that

existed prior to the 2017 biennial budget act. Under the bill, the SNSP per pupil amount is the same for all pupils and is determined by law. For the 2018-19 school year, the amount is \$12,431.

3. Under current law, the SNSP per pupil amount is adjusted annually by an amount equal to the sum of the per member revenue limit increase that applies to school districts in that school year, if any, and the per member increase in categorical aids between the current school year and the previous school year, if any. Under the bill, beginning in the 2019-20 school year, the annual adjustment to the SNSP per pupil amount is the sum of the per member revenue limit increase that applies to school districts in that school year, if any, and the increase in the per member amount of per pupil aid paid to school districts between the current school year and the previous school year, if any.

4. The bill provides that, with certain exceptions explained below, a private school participating in the SNSP may participate only if the private school also participates in a parental choice program. Under current law, a private school may participate in the SNSP if the private school is accredited or if the private school's educational program meets certain criteria.

The bill provides that, if a private school that is participating in the SNSP in the 2019-20 school year does not participate in a parental choice program, the private school must, if the private school is not accredited by August 1, 2019, do all of the following: 1) obtain preaccreditation by August 1, 2020; 2) apply for accreditation by December 31, 2020; and 3) obtain accreditation by December 31, 2023. In addition, a private school that does not participate in a parental choice program must, after obtaining accreditation, comply with other requirements relating to accreditation, including maintaining accreditation and providing information to DPI regarding the private school's accreditation status. A private school that meets the accreditation requirement may continue to participate under that requirement for so long as the private school continuously participates in the SNSP.

5. The bill provides that, beginning in the 2020-21 school year, a private school participating in the SNSP may not charge a child receiving an SNSP scholarship tuition, in addition to the payments the private school receives under the SNSP, if a) the child is enrolled in a grade from kindergarten to eight; or b) the child's family income does not exceed 220 percent of the federal poverty line. The bill also provides that, beginning in the 2020-21 school year, a private school participating in the SNSP may recover reasonable fees from a child receiving an SNSP scholarship for certain enumerated items and services the school provides to the child but may not expel or discipline a child for failing to pay those fees.

6. The bill provides that a private school participating in the SNSP must allow a child attending the private school under the SNSP to refrain from participating in any religious activity if the child's parent submits to the child's teacher or the private school's principal a written request that the child be exempt from such activities.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

**EDUCATION**

**PRIMARY AND SECONDARY EDUCATION**

***1. Changes to Special Needs Scholarship Program***

Under current law, a child with a disability who meets certain eligibility criteria may receive a scholarship to attend a private school participating in the Special Needs Scholarship Program. This bill makes the following changes to the SNSP:

1. The bill provides that, beginning in the 2020-21 school year, DPI may not provide an SNSP scholarship to a child to attend a private school unless the child was attending a private school under the SNSP in the 2019-20 school year. In addition, if the child does not attend a private school under an SNSP scholarship in any school year after the 2019-20 school year, DPI may not provide an SNSP scholarship to the child for any subsequent school year.

2. 2017 Wisconsin Act 59, the 2017 biennial budget act, created a process that allows the per pupil payment under the SNSP to be determined based on the actual costs to educate the pupil in the previous school year, as reported by the private school. The first SNSP payments based on the actual costs will be paid in the 2019-20 school year based on the actual costs reported for the 2018-19 school year. The bill repeals the process for determining SNSP per pupil payments based on actual costs and reinstates the per pupil payment amount under the SNSP that

existed prior to the 2017 biennial budget act. Under the bill, the SNSP per pupil amount is the same for all pupils and is determined by law. For the 2018-19 school year, the amount is \$12,431.

3. Under current law, the SNSP per pupil amount is adjusted annually by an amount equal to the sum of the per member revenue limit increase that applies to school districts in that school year, if any, and the per member increase in categorical aids between the current school year and the previous school year, if any. Under the bill, beginning in the 2019-20 school year, the annual adjustment to the SNSP per pupil amount is the sum of the per member revenue limit increase that applies to school districts in that school year, if any, and the increase in the per member amount of per pupil aid paid to school districts between the current school year and the previous school year, if any.

4. The bill provides that, with certain exceptions explained below, a private school participating in the SNSP may participate only if the private school also participates in a parental choice program. Under current law, a private school may participate in the SNSP if the private school is accredited or if the private school's educational program meets certain criteria.

The bill provides that, if a private school that is participating in the SNSP in the 2019-20 school year does not participate in a parental choice program, the private school must, if the private school is not accredited by August 1, 2019, do all of the following: 1) obtain preaccreditation by August 1, 2020; 2) apply for accreditation by December 31, 2020; and 3) obtain accreditation by December 31, 2023. In addition, a private school that does not participate in a parental choice program must, after obtaining accreditation, comply with other requirements relating to accreditation, including maintaining accreditation and providing information to DPI regarding the private school's accreditation status. A private school that meets the accreditation requirement may continue to participate under that requirement for so long as the private school continuously participates in the SNSP.

5. The bill provides that, beginning in the 2020-21 school year, a private school participating in the SNSP may not charge a child receiving an SNSP scholarship tuition, in addition to the payments the private school receives under the SNSP, if a) the child is enrolled in a grade from kindergarten to eight; or b) the child's family income does not exceed 220 percent of the federal poverty line. The bill also provides that, beginning in the 2020-21 school year, a private school participating in the SNSP may recover reasonable fees from a child receiving an SNSP scholarship for certain enumerated items and services the school provides to the child but may not expel or discipline a child for failing to pay those fees.

6. The bill provides that a private school participating in the SNSP must allow a child attending the private school under the SNSP to refrain from participating in any religious activity if the child's parent submits to the child's teacher or the private school's principal a written request that the child be exempt from such activities.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
