TO: Representative John Nygren, Assembly Chair
Senator Alberta Darling, Senate Chair
Joint Committee on Finance

FROM: Bob Lang, Director

SUBJECT: Non-Fiscal Policy Items Contained Within the Governor's 2019-21 Budget Bill

This office has prepared the attached list of items that are contained within 2019 Assembly Bill 56/Senate Bill 59 (the Governor's 2019-21 budget recommendations). The list includes items that are primarily of a non-fiscal policy nature and not closely related to the state's fiscal programs for the next biennium. Included are the page and item number showing where the provisions are described in the Legislative Fiscal Bureau's summary of the Governor's budget.

Putting such a list together always requires some subjective judgment on which items should be identified. Arguments could be made to expand the list beyond what is presented here or to delete some items from it. However, in preparing the attached list, this office applied the same criteria that it has used in previous biennia when identifying provisions of the executive budget bill as non-fiscal policy items.

The criteria used are as follows: (1) generally, the item has no state fiscal effect; (2) if there is a state fiscal effect associated with an item, the policy implications of the provision outweigh any potential fiscal effect; (3) the item has been, or is, the subject of separate, non-budget legislation; (4) the item is one that typically would be reviewed by a standing committee of the Legislature; and (5) the provision could be accomplished without statutory directive, such as reports, studies, and audits. Items that typically are not included on the list are those that: (1) affect state program eligibility; (2) would generally be referred to the Joint Committee on Finance if introduced as separate legislation; and (3) address a reorganization or transfer of state government operations or functions.

It should be noted that, as with past budgets, there are some items in the bill related to drug testing that are not included on the list. Although there are policy issues related to drug testing, the items have not been included on the list because they potentially could affect eligibility for these programs.
