Subject: RE: JFC action on DPI - High cost special education

Hi Krista,

Yes, you are correct. There should be a yank to remove the statutory language from the bill associated with high cost special education.

The bill didn't include any changes to the appropriation for that program, so that's why it doesn't show up in the table at the end.

Thanks,
Christa

Subject: JFC action on DPI - High cost special education

Christa:

It appears that Motion #94 does not adopt the governor's recommendation regarding high cost special education outlined in Budget Paper #570, Alternative #2. So, I assume you need a yank to remove those changes from the budget. However, I'm confused because high cost special education aid does not show up as a line item on Motion #94's fiscal effect table.

Can you confirm that I should do a yank for this?

Krista
