<END>

23. *Intermodal Facilities Grants*. Require DOT to provide up to \$1,500,000 to applicants for intermodal freight facilities grants from the freight rail infrastructure improvement program revolving loan fund balance in the 2019-21 biennium, notwithstanding the statutory requirements of that program related to project eligibility and loan repayment. Modify the purposes of the existing freight rail infrastructure improvement program appropriation to allow for the payment of these grants. Provide DOT authority to award grants for intermodal freight facilities that are determined to have a public purpose. A grant under this section may be for purposes of planning, design, feasibility analysis, construction, or any other related purpose. Effective on July 1, 2021 and thereafter, add intermodal freight facilities to the list of freight rail preservation program project types eligible for the bond funding provided to that program.

24. *Passenger Rail* (LFB Paper 723). Provide a total increase in passenger rail service development funding of \$35,000,000, as follows: (a) \$25,000,000 SEG in 2019-20; and (b) \$10,000,000 BR in GPR-supported bonds. Estimate general fund-supported, debt service associated with the partial issuance of these bonds at \$224,200 GPR in 2020-21. This funding would be used to fully fund improvements needed to add additional passenger rail service on the Hiawatha line.

25. *Railroad Crossing and Repair* (LFB Paper #724). Provide \$232,600 SEG annually to fund railroad crossing and repair reimbursement claims.

26. *Aeronautics Air Traffic Control System* (LFB Paper #725). Provide \$1,000,000 SEG annually for the aeronautics assistance program to assist local airports in their conversion to "Next Generation Air Traffic Control Systems."

State Highway Program

27. *State Highway Rehabilitation Program* (LFB Paper #720). Make the following changes to state highway rehabilitation program funding in order to provide a 2019-21 funding level of \$1,937,813,600 (as shown in the table below): (a) an increase \$116,257,300 SEG in 2019-20 and \$158,213,300 SEG in 2020-21; and (b) an increase of \$20,000,000 FED in 2019-20 and \$25,529,400 in 2020-21. [Standard budget adjustment reductions of \$2,928,800 SEG annually and \$813,900 FED annually were made in an earlier action of the Committee.]

2019-21 State Highway Rehabilitation Program Funding

Fund	2018-19 Base	Joint Finance Action	
		2019-20	2020-21
SEG	\$386,111,500	\$499,440,000	\$541,396,000
FED	426,538,000	445,724,100	451,253,500
Total	\$812,649,500	\$945,164,100	\$992,649,500

Subject: Draft request

Hi Zach,

As part of the draft for item #24 (below) in Motion 130 could you create a new continuing SEG appropriation in 20.395. Under current law, there really isn't a good place for me to park the \$25 million as authorized under the motion. You can just call it "Passenger rail development; state funds" and connect the appropriation to 85.061. Perhaps also make a change in 85.061(3)(a) to link to the new appropriation.

24. *Passenger Rail* (LFB Paper 723). Provide a total increase in passenger rail service development funding of \$35,000,000, as follows: (a) \$25,000,000 SEG in 2019-20; and (b) \$10,000,000 BR in GPR-supported bonds. Estimate general fund-supported, debt service associated with the partial issuance of these bonds at \$224,200 GPR in 2020-21. This funding would be used fully fund improvements needed to add additional passenger rail service on the Hiawatha line.

Thanks and enjoy your week. I know you will.

Zach,

Would it be possible to add the new appropriation created in this draft (20.395(2)(br)) to the requirement for JFC approval as specified in 85.061(3)(b)?

I was envisioning something like this:

"(b) The department may not use any proceeds from the bond issue authorized under s. 20.866 (2) (up) or funding appropriated under s. 20.395 (2) (br) unless the joint committee on finance approves the use of....."

Thanks , Ryan
