7. *Automatic Renewal for Hunting, Fishing, and Trapping Licenses.* Authorize DNR to develop an automatic renewal system for certain hunting, fishing, and trapping licenses, excluding conservation patron licenses. Authorize DNR to contract with a third party to store customer information to carry out the system.

8. *Off-Highway Motorcycles (Paper #522).* Adopt Alternative 2. Alternative 2 would repeal s. 20.370(9)(j) of the statutes pertaining to OHM regulations and project aids, and create a new conservation fund SEG continuing OHM appropriation funded by a GPR transfer based on OHM registrations as calculated under current law, and appropriated for the same purposes as provided by s. 20.370(9)(j). Reestimate the transfer at \$60,100 each year in the 2019-21 biennium and transfer \$35,600 in 2019-20 to reflect revenues lapsed to the general fund in 2017-18.

9. *County Forest Grants (Paper #523).* Adopt Alternative B1, which would provide \$87,000 forestry SEG annually to increase funding for county sustainable forestry grants.

10. *ATV and UTV County Enforcement Aids.* Move to provide an additional \$255,000 SEG from the ATV account of the conservation fund for county ATV and UTV enforcement aids.

11. *Chronic Wasting Disease Research.* Move to provide \$100,000 as one-time funding in 2019-20 for research on genetic resistance to chronic wasting disease (CWD) in farmed deer. Require that the research be conducted on a double-fenced deer farm in southern Wisconsin where a deer tested positive for CWD in spring of 2018. Specify funding be from a continuing appropriation for CWD monitoring and testing, from the fish and wildlife account of the segregated (SEG) conservation fund.

12. *State Trail Repairs.* Amend the DNR parks development appropriation to allow moneys to be used for trail repairs. Further, provide \$100,000 parks SEG in 2019-20 and require DNR to make repairs to: (a) the portion of the Elroy-Sparta Trail between the City of Elroy and the Village of Norwalk; and (b) the portion of the 400 State Trail between the Villages of La Valle and Union Center. (This motion would incorporate LRB draft 3282/P2.)

Analysis by the Legislative Reference Bureau

Under current law, off-highway motorcycles (OHM) must be registered with the Department of Natural Resources to be operated off the highway. Revenues from OHM registration fees are deposited in the transportation fund. DNR is authorized to expend, from the general fund, a sum sufficient to provide for various activities relating to off-highway motorcycles that is equal to the amount DNR collected for OHM registrations in the previous fiscal year. This bill repeals the sum sufficient appropriation and creates a continuing appropriation from the conservation fund for the same purposes. The bill also creates an annual appropriation transferring from the general fund to the conservation fund an amount equal to the amount DNR collected for OHM registrations in the previous fiscal year.

For further information see the **state** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

Zach,

Will you amend the OHM bill draft (b0362/P1) to delete "from the conservation fund" on p. 1, line 6? I believe that the conservation fund is the default fund source for all appropriations in s. 20.370(9), making the reference redundant. Looking through other conservation fund appropriations in the program, it seems that our convention is to omit the fund source if it is conservation.

Will you also amend the statutory reference to the OHM formula on p. 2, lines 4-5 from s. 23.335(2)(a) to s. 23.335(20)(a)?

Thank you,
Eric
