9 59.69 (10) (ab) (intro.) In this subsection “~~nonconforming use~~”:

10 3. “Nonconforming use” means a use of land, a dwelling, or a building that
11 existed lawfully before the current zoning ordinance was enacted or amended, but
12 that does not conform with the use restrictions in the current ordinance.

13

SECTION 760g. 59.69 (10) (ab) 1. of the statutes is created to read:

14 59.69 (10) (ab) 1. “Contiguous” means sharing a common boundary or being

17

SECTION 760k. 59.69 (10) (ab) 1m. of the statutes is created to read:

18 59.69 (10) (ab) 1m. “Contiguous parcel” means any parcel of land, up to a
19 cumulative limit of 80 acres, that, as of January 1, 2001, is contiguous to and is
20 located in the same political subdivision as land on which a quarry existed lawfully
21 before the quarry became a nonconforming use, is under the common ownership,
22 leasehold, or control of the person who owns, leases, or controls the land on which the

1 quarry is located, and is shown to have been intended for quarry operations prior to
2 the effective date of the ordinance that rendered the use nonconforming. For
3 purposes of this subdivision, if the contiguous parcel of land was commonly owned,
4 leased, or controlled on January 1, 2001, there is a presumption that the contiguous
5 parcel of land was intended for quarry operations prior to the effective date of the
6 ordinance that rendered the use nonconforming.

7 **SECTION 760p.** 59.69 (10) (ab) 2. of the statutes is created to read:

8 59.69 (10) (ab) 2. “Nonconforming quarry site” means land on which a quarry
9 existed lawfully before the quarry became a nonconforming use, including any
10 contiguous parcel. The nonconforming status of any contiguous parcel shall be
11 subject to the requirement that, on a 5 year rolling average, 75 percent of the quarry
12 materials extracted from the contiguous parcel shall be used for
13 infrastructure-related projects, as determined by the quarry operator. If this 75
14 percent requirement is not met as to any contiguous parcel, the nonconforming
15 status of the contiguous parcel may be suspended. This definition does not preclude
16 a determination that a particular parcel of land is nonconforming under subd. 3. or
17 common law.

12 “**SECTION 777m.** 66.04135 of the statutes is created to read:

13 **66.04135 Quarries extracting certain nonmetallic minerals. (1)**

14 CONSTRUCTION. (a) Nothing in this section may be construed to affect the authority
15 of a political subdivision to regulate land use for a purpose other than quarry
16 operations.

17 (b) Nothing in this section may be construed to exempt a quarry from a
18 regulation of general applicability placed by a political subdivision that applies to
19 other property in the political subdivision that is not a quarry unless the regulation
20 is inconsistent with this section.

21 **(2) DEFINITIONS.** In this section:

1 (a) "Permit" means a form of approval granted by a political subdivision for the
2 operation of a quarry.

3 (b) "Political subdivision" means a city, village, town, or county.

4 (c) "Quarry" means the surface area from which nonmetallic minerals,
5 including soil, clay, sand, gravel, and construction aggregate, that are used primarily
6 for a public works project or a private construction or transportation project are
7 extracted and processed.

8 (d) "Quarry operations" means the extraction and processing of minerals at a
9 quarry and all related activities, including blasting, vehicle and equipment access
10 to the quarry, and loading and hauling of material to and from the quarry.

11 **(3) LIMITATIONS ON LOCAL REGULATION.** (a) *Permits.* 1. Consistent with the
12 requirements and limitations in this subsection, except as provided in subd. 2., a
13 political subdivision may require a quarry operator to obtain a zoning or nonzoning
14 permit to conduct quarry operations.

15 2. A political subdivision may not require a quarry operator to obtain a zoning
16 or nonzoning permit to conduct quarry operations unless prior to the establishment
17 of quarry operations the political subdivision enacts an ordinance that requires the
18 permit. A political subdivision may not require a quarry operator to obtain a
19 nonzoning permit to conduct quarry operations if the quarry operation operates
20 under a previously issued zoning permit.

21 (b) *Applicability of local limit.* If a political subdivision enacts a nonzoning
22 ordinance regulating the operation of a quarry that was not in effect when quarry
23 operations began at a quarry, the limit does not apply to that quarry or to land that
24 is contiguous, as defined in s. 59.69 (10) (ab) 1., to the land on which the quarry is
25 located, is under the common ownership, leasehold, or control of the person who

1 owns, leases, or controls the land on which the quarry is located, and is located in the
2 same political subdivision.

3 (c) *Blasting*. 1. In this paragraph, “affected area” means an area within a
4 certain radius of a blasting site that may be affected by a blasting operation, as
5 determined using a formula established by the department of safety and professional
6 services by rule that takes into account a scaled-distance factor and the weight of
7 explosives to be used.

8 2. Except as provided under subds. 3. and 4., a political subdivision may not
9 limit blasting at a quarry.

10 3. A political subdivision may require the operator of a quarry to do any of the
11 following:

12 a. Before beginning a blasting operation at the quarry, provide notice of the
13 blasting operation to each political subdivision in which any part of the quarry is
14 located and to owners of dwellings or other structures within the affected area.

15 b. Before beginning a blasting operation at the quarry, cause a 3rd party to
16 conduct a building survey of any dwellings or other structures within the affected
17 area.

18 c. Before beginning a blasting operation at the quarry, cause a 3rd party to
19 conduct a survey of and test any wells within the affected area.

20 d. Provide evidence of insurance to each political subdivision in which any part
21 of the quarry is located.

22 e. Provide copies of blasting logs to each political subdivision in which any part
23 of the quarry is located.

24 f. Provide maps of the affected area to each political subdivision in which any
25 part of the quarry is located.

1 g. Provide copies of any reports submitted to the department of safety and
2 professional services relating to blasting at the quarry.

3 4. A political subdivision may suspend a permit for a violation of the
4 requirements under s. 101.15 relating to blasting and rules promulgated by the
5 department of safety and professional services under s. 101.15 (2) (e) relating to
6 blasting only if the department of safety and professional services determines that
7 a violation of the requirements or rules has occurred and only for the duration of the
8 violation as determined by the department of safety and professional services.

9 (d) *Water quality or quantity.* 1. Except as provided under subds. 2. to 5., a
10 political subdivision may not do any of the following with respect to the operation of
11 a quarry:

12 a. Establish or enforce a water quality standard.

13 b. Issue permits, including permits for discharges to the waters of the state, or
14 any other form of approval related to water quality or quantity.

15 c. Impose any restriction related to water quality or quantity.

16 d. Impose any requirements related to monitoring of water quality or quantity.

17 2. A political subdivision may take actions related to water quality that are
18 specifically required or authorized by state law.

19 3. A political subdivision may require the operator of a quarry to conduct and
20 provide water quality and quantity baseline testing and ongoing quality testing, to
21 occur not more frequently than annually, of all wells within 1,000 feet of the
22 perimeter of a quarry site when a new high capacity well is added to an existing
23 quarry site or a new quarry site is established. A testing requirement under this
24 subdivision may not impose any standard that is more stringent than the standards
25 for groundwater quality required by rules promulgated by the department of natural

1 resources. The political subdivision may request a report of well testing results
2 within 30 days of the completion of testing, and the quarry operator shall provide the
3 results within that time. Any person offered the opportunity to have a well tested
4 under this subdivision but who knowingly refuses testing waives any claim against
5 a quarry operator related to the condition of the well if, within 90 days of the offer,
6 the quarry operator records with the register of deeds for the county in which the well
7 is located a written and sworn certification that the person refused the offer.

8 4. A political subdivision that imposes a requirement to conduct any ongoing
9 water quality or quantity testing of wells adjacent to an existing quarry prior to the
10 effective date of this subdivision [LRB inserts date], may continue to do so.

11 5. In addition to the ability to enforce properly adopted local regulations as
12 allowed by this section, a political subdivision may suspend a permit authorizing the
13 operation of a quarry for a violation of state law or rules promulgated by the
14 department of natural resources relating to water quality or quantity only if the
15 department of natural resources determines that a violation of state law or rules has
16 occurred and only for the duration of the violation, as determined by the department
17 of natural resources.

18 (e) *Air quality.* 1. Notwithstanding s. 285.73, and except as provided under
19 subds. 2. to 4., a political subdivision may not do any of the following with respect to
20 the operation of a quarry:

21 a. Establish or enforce an ambient air quality standard, standard of
22 performance for new stationary sources, or other emission limitation related to air
23 quality.

24 b. Issue permits or any other form of approval related to air quality.

25 c. Impose any restriction related to air quality.

1 d. Impose any requirement related to monitoring air quality.

2 2. A political subdivision may require the operator of a quarry to use best
3 management practices to limit off-site fugitive dust and may enforce properly
4 adopted fugitive dust regulations.

5 3. A political subdivision may take actions related to air quality that are
6 specifically required or authorized by state law.

7 4. In addition to the ability to enforce properly adopted local regulations as
8 allowed by this section, a political subdivision may suspend a permit authorizing the
9 operation of a quarry for a violation of state law or rules promulgated by the
10 department of natural resources relating to air quality only if the department of
11 natural resources determines that a violation of state law or rules has occurred and
12 only for the duration of the violation, as determined by the department of natural
13 resources.

14 (f) *Quarry permit requirements.* 1. A political subdivision may not add a
15 condition to a permit during the duration of the permit unless the permit holder
16 consents.

17 2. If a political subdivision requires a quarry to comply with another political
18 subdivision's ordinance as a condition for obtaining a permit, the political
19 subdivision that grants the permit may not require the quarry operator to comply
20 with a provision of the other political subdivision's ordinance that is enacted after the
21 permit is granted and while the permit is in effect.

22 3. a. A town may not require, as a condition for granting a permit to a quarry
23 operator, that the quarry operator satisfy a condition that a county requires in order
24 to grant a permit that is imposed by a county ordinance enacted after the county
25 grants a permit to the quarry operator.

1 b. A county may not require, as a condition for granting a permit to a quarry
2 operator, that the quarry operator satisfy a condition that a town requires in order
3 to grant a permit that is imposed by a town ordinance enacted after the town grants
4 a permit to the quarry operator.”.

- 25 with the request for proposals and subject to all of the following:

1 1. For a project that will be awarded as either a low bid design-build contract
2 or a fixed price variable scope design-build contract, the technical review committee
3 shall determine whether technical proposals are responsive to the request for
4 proposals without ranking or scoring the proposals.

5 2. For a project that will be awarded as a best value design-build contract, the
6 technical review committee shall determine whether technical proposals are
7 responsive to the request for proposals and score each responsive technical proposal
8 as required by the request for proposals. The technical review committee may award
9 not more than 20 percent of the points awarded to a technical proposal based on the
10 design-builder's qualifications and ability to design, contract, and deliver the project
11 in accordance with any deadline established in the request for proposals. The
12 technical review committee may award a technical proposal not more than 55
13 percent of the maximum number of combined points that may be awarded to a
14 technical proposal and cost proposal.

15 (c) The office shall allow design-builders to include alternative technical
16 concepts and value engineering changes in their proposals by describing the process
17 for submission and evaluation of alternative technical concepts and value
18 engineering changes in the request for proposals.

19 (d) The technical review committee may not consider a proposal responsive
20 unless the proposal includes a conceptual design, critical path method, bar schedule
21 of the work to be performed or similar schematic, design plans and specifications,
22 technical reports, and all other information required by the request for proposals.
23 The technical review committee may not consider any price or fee included in the
24 technical proposal.

1 (e) The office shall notify the design-builder for each proposal that is
2 determined to be responsive under par. (b) that the design-builder may submit a cost
3 proposal under par. (7). The office shall reject all proposals that are determined to
4 be nonresponsive under par. (b).

5 (7) COST PROPOSALS. (a) Design-builders notified under sub. (6) (e) may submit
6 a cost proposal and the proposal shall include a fixed cost of design, engineering, and
7 construction services prepared by a design professional that contains all design,
8 engineering, construction, and quality assurance and quality control costs of the
9 project.

10 (b) The technical review committee may open cost proposals only after the
11 technical proposals have been reviewed as provided in sub. (6). At the time and place
12 specified in the request for proposals, the technical review committee shall open cost
13 proposals, read the proposals aloud, and, for a project that will be awarded as a best
14 value design-build contract, make public the committee's scoring of the technical
15 proposals.

16 (c) Following a review of cost proposals, the department may issue a notice of
17 intent to award a contract, subject to all of the following:

18 1. For a low bid design-build contract, the contract shall be awarded to the
19 qualified responsible bidder that submitted a responsive technical proposal and also
20 submitted the lowest responsive cost proposal.

21 2. For a fixed price variable scope design-build contract, the contract shall be
22 awarded to the qualified responsible bidder that submitted a responsive technical
23 proposal and that submitted a responsive cost proposal that provides the maximum
24 amount of services for the maximum fixed price set by the office or for an amount that
25 is less than the maximum fixed price.

1 3. For a best value design-build contract, the contract shall be awarded to the
2 qualified responsible bidder with the highest adjusted score, which shall be
3 calculated by adding the bidder's technical proposal score to the bidder's cost
4 proposal score. The technical review committee shall award the lowest qualified
5 responsible bidder the maximum number of points that may be awarded to a cost
6 proposal under the request for proposals, but not less than 45 percent and not more
7 than 75 percent of the maximum number of combined points that may be awarded
8 to a technical proposal and cost proposal. For each remaining qualified responsible
9 bidder, the technical review committee shall calculate the score for the cost proposal
10 by reducing the maximum number of points that may be awarded to the cost proposal
11 by at least 1 percent for each percentage point by which the cost proposal exceeds the
12 lowest cost proposal.

13 (d) Following a review of cost proposals, the office may reject all proposals. If
14 the office rejects all proposals or does not execute a contract after issuing an intent
15 to award a contract under par. (c), the office may reissue the request for proposals
16 and allow only the qualified responsible bidders originally notified under sub. (6) (e)
17 to submit new proposals. The office may pay a reasonable stipulated fee to each
18 design-builder that provides a responsive but unsuccessful proposal in response to
19 the reissued request for proposals. If the reissued request for proposals specifies a
20 maximum fixed price, the office may not award a stipend to a design-builder whose
21 proposal exceeds that price.

22 (e) Not less than 5 working days prior to executing a design-build contract, the
23 department shall provide notice to each unsuccessful qualified responsible bidder
24 that a notice of intent to award a contract has been issued.

1 (f) The department and the technical review committee shall maintain the
2 confidentiality of information provided by design-builders as required by s. 84.01
3 (32).

4 **(8) CONTRACT AWARD.** (a) In this subsection:

5 1. "Construction services" means work necessary to construct a project,
6 including trucking services and materials purchased regardless of whether the
7 materials are installed by the design-builder.

8 2. "Specialty services" means work related to sanitary sewer systems, water
9 main systems, staking, electrical, landscaping and erosion control, traffic control,
10 signing, pavement marking, fencing, and other work identified by the office.

11 (b) No later than 10 days following the issuance of a notice of intent to award
12 a design-build contract, the office shall verify that the design-builder will perform
13 not less than 30 percent of the construction services under the contract with labor
14 provided by employees of the design-builder or member and equipment owned or
15 rented by the design-builder or member.

16 (c) The design-builder shall submit to the office in the form prescribed by the
17 office documentation of the construction services the design-builder or members will
18 perform and the dollar value of the services.

19 (d) The office shall calculate the percentage of total construction services
20 identified in the contract to be performed by the design-builder or members by
21 subtracting the value of specialty services to be performed from the total contract
22 amount and dividing the dollar value of construction services to be performed by the
23 design-builder or members by the difference. If the value of construction services
24 to be performed by the design-builder or members is less than 30 percent of the value

1 of all construction services required under the contract, the office shall cancel the
2 contract award.

3 **(9) PROJECT DELIVERY.** An individual identified in a response to a request for
4 qualifications or in a technical proposal may be replaced by a design-builder if the
5 office determines that the new individual meets the qualifications described in the
6 response to the request for qualifications or in the technical proposal and that the
7 individual's qualifications are at least equal to the qualifications of the individual
8 being replaced.

9 **(10) LIABILITY.** (a) Nothing in this section shall be construed as relieving a
10 design-builder of 3rd-party liability or liability for loss or damage to property of the
11 state or a county or municipality.

12 (b) All design services, including architectural and engineering services,
13 provided under a design-build contract are services and not products.

14 **(11) STIPULATED FEE.** (a) The department shall award a stipulated fee of not
15 less than three-tenths of 1 percent of the department's estimated cost of design and
16 construction as follows:

17 1. To each qualified responsible bidder that provides a responsive but
18 unsuccessful proposal when the office issues a notice of intent to award a contract.
19 If the request for proposals specifies a maximum fixed price, the office may not award
20 a fee to a proposal that exceeds the maximum fixed price.

21 2. To all qualified responsible bidders that provide a responsive proposal, if the
22 office does not issue a notice of intent to award a contract.

23 3. To all qualified responsible bidders if the office cancels the solicitation before
24 the technical review committee reviews technical proposals.

1 (b) The department shall pay the fee to each qualified responsible bidder under
2 par. (a) no later than 90 days after the department issues a notice of intent to award
3 a contract, determines that it will not issue a notice of intent to award a contract, or
4 cancels the solicitation.

5 (c) In consideration for paying the fee, the department may use work product
6 contained in an unsuccessful proposal in connection with any proposed or awarded
7 design-build project without making any additional compensation to the
8 design-builder. If an unsuccessful design-builder waives the stipulated fee, the
9 department may not use work product in the design-builder's unsuccessful proposal.

10 **(12) RULES.** The department may promulgate rules necessary to implement
11 this section.

12 **(13) APPEALS.** (a) Any person aggrieved and directly affected by a decision of
13 the office to issue a request for qualifications or a request for proposals under this
14 section shall be entitled to judicial review of the decision as provided in chapter 227,
15 subject to the procedural requirements of s. 227.53 (1). A person shall be considered
16 a person aggrieved and directly affected by a decision of the office if any of the
17 following apply to a request for qualifications or a request for proposals issued by the
18 office under this section:

19 1. The request does not include qualifications, requirements, or other items
20 required under this section.

21 2. The request does not comply with procedural requirements under this
22 section.

23 3. The request contains material errors or omissions.

24 4. The request contains material discrepancies, deficiencies, or ambiguities
25 that prevent a person from submitting a responsive proposal.

1 5. The request indicates a bias against or preference for a specific
2 design-builder.

3 6. The request exceeds the department's authority.

4 (b) Any person aggrieved and directly affected by a decision of the office to issue
5 a notice of intent to award a contract under this section shall be entitled to judicial
6 review of the decision as provided in chapter 227, subject to the procedural
7 requirements of s. 227.53 (1). A person shall be considered a person aggrieved and
8 directly affected by a decision of the office if any of the following apply to a notice of
9 intent to award a contract under this section:

10 1. The design-builder that received the notice of intent to award a contract was
11 improperly certified as a qualified responsible bidder.

12 2. A mathematical error was made in scoring any of the proposals that resulted
13 in an improper intent to award a contract.

14 3. There is evidence of collusion or fraud involving either the design-builder
15 who received the notice of intent to award a contract or a member of the technical
16 review committee.

17 4. There is evidence of bias of a member of the technical review committee.

18 5. There is evidence that a member of the technical review committee has a
19 conflict of interest because the committee member, a member of his or her immediate
20 family, as defined in s. 19.42 (7), or any organization or business with which the
21 member is associated, as defined in s. 19.42 (2), may benefit from the intent to award
22 a contract.

23 6. The technical proposal or cost proposal submitted by the design-builder who
24 received the notice of intent to award a contract is not responsive to the request for
25 proposals, contains conditions or qualifications not provided for in the request for

1 proposals, or does not assign costs to all services identified in the technical proposal
2 or is otherwise materially unbalanced.

3 (c) If the office prevails upon judicial review, following any protest and
4 appellate court proceedings, the office shall be entitled to recover all costs and
5 charges included in the final order or judgment, excluding attorney's fees. Upon
6 payment of costs and charges by the protester, the bond shall be returned. If the
7 protesting party prevails, the protesting party shall be entitled to recover from the
8 office all costs and charges included in the final order or judgment, excluding
9 attorney's fees. The entire amount of the bond shall be forfeited if the hearing officer
10 determines that a protest was filed for a frivolous or improper purpose, including but
11 not limited to the purpose of harassing, causing unnecessary delay, or causing
12 needless cost for the office or parties.

13 **(14) DELIVERABLES.** (a) No later than 3 months after the effective date of this
14 section ... [LRB inserts date], the office shall prepare a report that establishes a
15 program structure for delivering projects as required under this subsection. The
16 report shall specify the types of highway improvement projects to be considered and
17 procedures and timelines for the bid process. The office may not designate a highway
18 improvement project as a design-build project prior to the completion of the report.

19 (b) No later than 6 months after the effective date of this section ... [LRB inserts
20 date], the office shall prepare a design-build procurement manual that incorporates
21 the requirements under this subsection and any applicable requirements under
22 federal law. The manual shall be created by a committee that includes all of the
23 following members:

- 24 1. The director.

1 2. Two employees of the department who represent the division of the
2 department responsible for transportation project development and who each have
3 not less than 5 years of experience in the transportation construction industry.

4 3. One person representing a state association of transportation architectural,
5 engineering, or design companies to be nominated by the governor and appointed
6 with the advice and consent of the senate.

7 4. One person representing a state association of transportation construction
8 companies to be nominated by the governor and appointed with the advice and
9 consent of the senate.

10 5. One person representing a national trade group with a design-build
11 certification program and experience in assisting states with the implementation of
12 a design-build program to be nominated by the governor and appointed with the
13 advice and consent of the senate.

14 (c) No later than December 31, 2026, the office shall submit a report the joint
15 committee on finance and the senate and assembly standing committees having
16 jurisdiction over transportation matters summarizing observations of the process
17 utilized for alternative project delivery methods and describing the effectiveness of
18 the alternative project delivery methods contracting procedures. The report shall
19 include discussion on scope of work, history of projects selected, evaluation criteria,
20 selection process, contract administration, work progression, time and cost
21 comparisons between the traditional contracting method and alternative delivery
22 methods, claims, and changes.

23 (d) No later than 6 months after receipt of the report required under par. (c),
24 the joint committee on finance shall determine whether the alternative project
25 delivery pilot program was successful in providing the department with additional

1 tools that allow innovation, reduced project completion time, cost certainty, or
2 reduced cost or other advantages or benefits and shall make a recommendation to
3 the legislature as to whether the pilot program should be made permanent.”.
