2 3. “Nonconforming use” means a use of land, a dwelling, or a building that
3 existed lawfully before the current zoning ordinance was enacted or amended, but
4 that does not conform with the use restrictions in the current ordinance.

10 59.69 (10) (ab) 1m. “Contiguous parcel” means any parcel of land, up to a
11 cumulative limit of 80 acres, that, as of January 1, 2001, is contiguous to and is
12 located in the same political subdivision as land on which a quarry existed lawfully
13 before the quarry became a nonconforming use, is under the common ownership,
14 leasehold, or control of the person who owns, leases, or controls the land on which the

1 materials extracted from the contiguous parcel shall be used for
2 infrastructure-related projects, as determined by the quarry operator. If this 75
3 percent requirement is not met as to any contiguous parcel, the nonconforming
4 status of the contiguous parcel may be suspended. This definition does not preclude
5 a determination that a particular parcel of land is nonconforming under subd. 3. or
6 common law.

7 **SECTION 760t.** 59.69 (10) (ab) 4. of the statutes is created to read:

15 quarry site. For purposes of this paragraph, the continued operation of a quarry
16 includes conducting quarry operations in an area of a nonconforming quarry site in
17 which quarry operations have not previously been conducted. Nothing in this section

12 **SECTION 766w.** 62.23 (7) (hd) of the statutes is created to read:

13 62.23 (7) (hd) *Nonconforming quarry sites.* Notwithstanding par. (h), an
14 ordinance enacted under this section may not prohibit the continued operation of a
15 quarry at a nonconforming quarry site. For purposes of this paragraph, the
16 continued operation of a quarry includes conducting quarry operations in an area of
17 a nonconforming quarry site in which quarry operations have not previously been
18 conducted. Nothing in this section shall be construed as modifying or limiting an
19 operator’s reclamation obligations under a reclamation permit.

20 **SECTION 777m.** 66.04135 of the statutes is created to read:

21 **66.04135 Quarries extracting certain nonmetallic minerals. (1)**
22 CONSTRUCTION. (a) Nothing in this section may be construed to affect the authority
23 of a political subdivision to regulate land use for a purpose other than quarry
24 operations.

1 (b) Nothing in this section may be construed to exempt a quarry from a
2 regulation of general applicability placed by a political subdivision that applies to
3 other property in the political subdivision that is not a quarry unless the regulation
4 is inconsistent with this section.

5 (2) DEFINITIONS. In this section:

6 (a) "Permit" means a form of approval granted by a political subdivision for the
7 operation of a quarry.

8 (b) "Political subdivision" means a city, village, town, or county.

9 (c) "Quarry" means the surface area from which nonmetallic minerals,
10 including soil, clay, sand, gravel, and construction aggregate, that are used primarily
11 for a public works project or a private construction or transportation project are
12 extracted and processed.

13 (d) "Quarry operations" means the extraction and processing of minerals at a
14 quarry and all related activities, including blasting, vehicle and equipment access
15 to the quarry, and loading and hauling of material to and from the quarry.

16 (3) LIMITATIONS ON LOCAL REGULATION. (a) *Permits*. 1. Consistent with the
17 requirements and limitations in this subsection, except as provided in subd. 2., a
18 political subdivision may require a quarry operator to obtain a zoning or nonzoning
19 permit to conduct quarry operations.

20 2. A political subdivision may not require a quarry operator to obtain a zoning
21 or nonzoning permit to conduct quarry operations unless prior to the establishment
22 of quarry operations the political subdivision enacts an ordinance that requires the
23 permit. A political subdivision may not require a quarry operator to obtain a
24 nonzoning permit to conduct quarry operations if the quarry operation operates
25 under a previously issued zoning permit.

1 (b) *Applicability of local limit.* If a political subdivision enacts a nonzoning
2 ordinance regulating the operation of a quarry that was not in effect when quarry
3 operations began at a quarry, the limit does not apply to that quarry or to land that
4 is contiguous, as defined in s. 59.69 (10) (ab) 1., to the land on which the quarry is
5 located, is under the common ownership, leasehold, or control of the person who
6 owns, leases, or controls the land on which the quarry is located, and is located in the
7 same political subdivision.

8 (c) *Blasting.* 1. In this paragraph, “affected area” means an area within a
9 certain radius of a blasting site that may be affected by a blasting operation, as
10 determined using a formula established by the department of safety and professional
11 services by rule that takes into account a scaled-distance factor and the weight of
12 explosives to be used.

13 2. Except as provided under subds. 3. and 4., a political subdivision may not
14 limit blasting at a quarry.

15 3. A political subdivision may require the operator of a quarry to do any of the
16 following:

17 a. Before beginning a blasting operation at the quarry, provide notice of the
18 blasting operation to each political subdivision in which any part of the quarry is
19 located and to owners of dwellings or other structures within the affected area.

20 b. Before beginning a blasting operation at the quarry, cause a 3rd party to
21 conduct a building survey of any dwellings or other structures within the affected
22 area.

23 c. Before beginning a blasting operation at the quarry, cause a 3rd party to
24 conduct a survey of and test any wells within the affected area.

1 d. Provide evidence of insurance to each political subdivision in which any part
2 of the quarry is located.

3 e. Provide copies of blasting logs to each political subdivision in which any part
4 of the quarry is located.

5 f. Provide maps of the affected area to each political subdivision in which any
6 part of the quarry is located.

7 g. Provide copies of any reports submitted to the department of safety and
8 professional services relating to blasting at the quarry.

9 4. A political subdivision may suspend a permit for a violation of the
10 requirements under s. 101.15 relating to blasting and rules promulgated by the
11 department of safety and professional services under s. 101.15 (2) (e) relating to
12 blasting only if the department of safety and professional services determines that
13 a violation of the requirements or rules has occurred and only for the duration of the
14 violation as determined by the department of safety and professional services.

15 (d) *Water quality or quantity.* 1. Except as provided under subs. 2. to 5., a
16 political subdivision may not do any of the following with respect to the operation of
17 a quarry:

20 any other form of approval related to water quality or quantity.

21 c. Impose any restriction related to water quality or quantity.

22 d. Impose any requirements related to monitoring of water quality or quantity.

23 2. A political subdivision may take actions related to water quality that are
24 specifically required or authorized by state law.

1 3. A political subdivision may require the operator of a quarry to conduct and
2 provide water quality and quantity baseline testing and ongoing quality testing, to
3 occur not more frequently than annually, of all wells within 1,000 feet of the
4 perimeter of a quarry site when a new high capacity well is added to an existing
5 quarry site or a new quarry site is established. A testing requirement under this
6 subdivision may not impose any standard that is more stringent than the standards
7 for groundwater quality required by rules promulgated by the department of natural
8 resources. The political subdivision may request a report of well testing results
9 within 30 days of the completion of testing, and the quarry operator shall provide the
10 results within that time. Any person offered the opportunity to have a well tested
11 under this subdivision but who knowingly refuses testing waives any claim against
12 a quarry operator related to the condition of the well if, within 90 days of the offer,
13 the quarry operator records with the register of deeds for the county in which the well
14 is located a written and sworn certification that the person refused the offer.

15 4. A political subdivision that imposes a requirement to conduct any ongoing
16 water quality or quantity testing of wells adjacent to an existing quarry prior to the
17 effective date of this subdivision ... [LRB inserts date], may continue to do so.

18 5. In addition to the ability to enforce properly adopted local regulations as
19 allowed by this section, a political subdivision may suspend a permit authorizing the
20 operation of a quarry for a violation of state law or rules promulgated by the
21 department of natural resources relating to water quality or quantity only if the
22 department of natural resources determines that a violation of state law or rules has
23 occurred and only for the duration of the violation, as determined by the department
24 of natural resources.

1 (e) *Air quality.* 1. Notwithstanding s. 285.73, and except as provided under
2 subds. 2. to 4., a political subdivision may not do any of the following with respect to
3 the operation of a quarry:

4 a. Establish or enforce an ambient air quality standard, standard of
5 performance for new stationary sources, or other emission limitation related to air
6 quality.

7 b. Issue permits or any other form of approval related to air quality.

8 c. Impose any restriction related to air quality.

9 d. Impose any requirement related to monitoring air quality.

10 2. A political subdivision may require the operator of a quarry to use best
11 management practices to limit off-site fugitive dust and may enforce properly
12 adopted fugitive dust regulations.

13 3. A political subdivision may take actions related to air quality that are
14 specifically required or authorized by state law.

15 4. In addition to the ability to enforce properly adopted local regulations as
16 allowed by this section, a political subdivision may suspend a permit authorizing the
17 operation of a quarry for a violation of state law or rules promulgated by the
18 department of natural resources relating to air quality only if the department of
19 natural resources determines that a violation of state law or rules has occurred and
20 only for the duration of the violation, as determined by the department of natural
21 resources.

22 (f) *Quarry permit requirements.* 1. A political subdivision may not add a
23 condition to a permit during the duration of the permit unless the permit holder
24 consents.

1 2. If a political subdivision requires a quarry to comply with another political
2 subdivision's ordinance as a condition for obtaining a permit, the political
3 subdivision that grants the permit may not require the quarry operator to comply
4 with a provision of the other political subdivision's ordinance that is enacted after the
5 permit is granted and while the permit is in effect.

6 3. a. A town may not require, as a condition for granting a permit to a quarry
7 operator, that the quarry operator satisfy a condition that a county requires in order
8 to grant a permit that is imposed by a county ordinance enacted after the county
9 grants a permit to the quarry operator.

10 b. A county may not require, as a condition for granting a permit to a quarry
11 operator, that the quarry operator satisfy a condition that a town requires in order
12 to grant a permit that is imposed by a town ordinance enacted after the town grants
13 a permit to the quarry operator.

14 (c) The technical review committee shall certify at least 2 but not more than 4
15 design-builders as qualified responsible bidders. If the office does not receive at
16 least 2 responses to the request for qualifications or if the technical review committee
17 certifies only one design-builder as a qualified responsible bidder, the office may
18 re-advertise or cancel the project.

19 **(6) REQUEST FOR PROPOSALS.** (a) The office shall prepare a request for proposals
20 for each design-build contract that includes all the following:

21 1. The name, title, address, and telephone numbers of persons to whom
22 questions concerning the proposal should be directed.

23 2. The procedures to be followed for submitting proposals, including how
24 proposals must be delivered, the date and time by which they must be received, and
25 the name and address of the person who is to receive them.

- 1 3. The date and time of the pre-proposal conference, if any.
- 2 4. A requirement that a technical proposal and a cost proposal be submitted in
- 3 separate sealed proposals at the same time.
- 4 5. A clear description of the scope of all design, engineering, and construction
- 5 work.
- 6 6. The criteria for evaluating proposals and their relative weight, if applicable.
- 7 7. The design criteria package, including a description of drawings,
- 8 specifications, or other information to be submitted with the proposals, which shall
- 9 allow the design-builder to use innovative projects meeting the criteria.
- 10 8. The project schedule and budget limits, if any.
- 11 9. The proposed terms and conditions of the contract.
- 12 10. Requirements relating to performance bonds, payments bonds, and
- 13 insurance.
- 14 11. Amount of stipend, if any.
- 15 12. The procedures for awarding a contract.
- 16 13. A process for the technical review committee to review and accept
- 17 alternative technical concepts and value engineering change proposals.
- 18 14. A requirement that the design-builder perform not less than 30 percent of
- 19 the construction services under the contract with labor provided by employees of the
- 20 design-builder or member and equipment owned or rented by the design-builder or
- 21 member.
- 22 15. Any other information the office determines is necessary.
- 23 (b) The technical review committee shall evaluate each technical proposal,
- 24 which may include a confidential interview, and shall assign points in accordance
- 25 with the request for proposals and subject to all of the following:

1 1. For a project that will be awarded as either a low bid design-build contract
2 or a fixed price variable scope design-build contract, the technical review committee
3 shall determine whether technical proposals are responsive to the request for
4 proposals without ranking or scoring the proposals.

5 2. For a project that will be awarded as a best value design-build contract, the
6 technical review committee shall determine whether technical proposals are
7 responsive to the request for proposals and score each responsive technical proposal
8 as required by the request for proposals. The technical review committee may award
9 not more than 20 percent of the points awarded to a technical proposal based on the
10 design-builder's qualifications and ability to design, contract, and deliver the project
11 in accordance with any deadline established in the request for proposals. The
12 technical review committee may award a technical proposal not more than 55
13 percent of the maximum number of combined points that may be awarded to a
14 technical proposal and cost proposal.

15 (c) The office shall allow design-builders to include alternative technical
16 concepts and value engineering changes in their proposals by describing the process
17 for submission and evaluation of alternative technical concepts and value
18 engineering changes in the request for proposals.

19 (d) The technical review committee may not consider a proposal responsive
20 unless the proposal includes a conceptual design, critical path method, bar schedule
21 of the work to be performed or similar schematic, design plans and specifications,
22 technical reports, and all other information required by the request for proposals.
23 The technical review committee may not consider any price or fee included in the
24 technical proposal.

1 (e) The office shall notify the design-builder for each proposal that is
2 determined to be responsive under par. (b) that the design-builder may submit a cost
3 proposal under par. (7). The office shall reject all proposals that are determined to
4 be nonresponsive under par. (b).

5 **(7) COST PROPOSALS.** (a) Design-builders notified under sub. (6) (e) may submit
6 a cost proposal and the proposal shall include a fixed cost of design, engineering, and
7 construction services prepared by a design professional that contains all design,
8 engineering, construction, and quality assurance and quality control costs of the
9 project.

10 (b) The technical review committee may open cost proposals only after the
11 technical proposals have been reviewed as provided in sub. (6). At the time and place
12 specified in the request for proposals, the technical review committee shall open cost
13 proposals, read the proposals aloud, and, for a project that will be awarded as a best
14 value design-build contract, make public the committee's scoring of the technical
15 proposals.

16 (c) Following a review of cost proposals, the department may issue a notice of
17 intent to award a contract, subject to all of the following:

18 1. For a low bid design-build contract, the contract shall be awarded to the
19 qualified responsible bidder that submitted a responsive technical proposal and also
20 submitted the lowest responsive cost proposal.

21 2. For a fixed price variable scope design-build contract, the contract shall be
22 awarded to the qualified responsible bidder that submitted a responsive technical
23 proposal and that submitted a responsive cost proposal that provides the maximum
24 amount of services for the maximum fixed price set by the office or for an amount that
25 is less than the maximum fixed price.

1 3. For a best value design-build contract, the contract shall be awarded to the
2 qualified responsible bidder with the highest adjusted score, which shall be
3 calculated by adding the bidder's technical proposal score to the bidder's cost
4 proposal score. The technical review committee shall award the lowest qualified
5 responsible bidder the maximum number of points that may be awarded to a cost
6 proposal under the request for proposals, but not less than 45 percent and not more
7 than 75 percent of the maximum number of combined points that may be awarded
8 to a technical proposal and cost proposal. For each remaining qualified responsible
9 bidder, the technical review committee shall calculate the score for the cost proposal
10 by reducing the maximum number of points that may be awarded to the cost proposal
11 by at least 1 percent for each percentage point by which the cost proposal exceeds the
12 lowest cost proposal.

13 (d) Following a review of cost proposals, the office may reject all proposals. If
14 the office rejects all proposals or does not execute a contract after issuing an intent
15 to award a contract under par. (c), the office may reissue the request for proposals
16 and allow only the qualified responsible bidders originally notified under sub. (6) (e)
17 to submit new proposals. The office may pay a reasonable stipulated fee to each
18 design-builder that provides a responsive but unsuccessful proposal in response to
19 the reissued request for proposals. If the reissued request for proposals specifies a
20 maximum fixed price, the office may not award a stipend to a design-builder whose
21 proposal exceeds that price.

22 (e) Not less than 5 working days prior to executing a design-build contract, the
23 department shall provide notice to each unsuccessful qualified responsible bidder
24 that a notice of intent to award a contract has been issued.

1 (f) The department and the technical review committee shall maintain the
2 confidentiality of information provided by design-builders as required by s. 84.01
3 (32).

4 (8) CONTRACT AWARD. (a) In this subsection:

5 1. "Construction services" means work necessary to construct a project,
6 including trucking services and materials purchased regardless of whether the
7 materials are installed by the design-builder.

8 2. "Specialty services" means work related to sanitary sewer systems, water
9 main systems, staking, electrical, landscaping and erosion control, traffic control,
10 signing, pavement marking, fencing, and other work identified by the office.

11 (b) No later than 10 days following the issuance of a notice of intent to award
12 a design-build contract, the office shall verify that the design-builder will perform
13 not less than 30 percent of the construction services under the contract with labor
14 provided by employees of the design-builder or member and equipment owned or
15 rented by the design-builder or member.

16 (c) The design-builder shall submit to the office in the form prescribed by the
17 office documentation of the construction services the design-builder or members will
18 perform and the dollar value of the services.

19 (d) The office shall calculate the percentage of total construction services
20 identified in the contract to be performed by the design-builder or members by
21 subtracting the value of specialty services to be performed from the total contract
22 amount and dividing the dollar value of construction services to be performed by the
23 design-builder or members by the difference. If the value of construction services
24 to be performed by the design-builder or members is less than 30 percent of the value

1 of all construction services required under the contract, the office shall cancel the
2 contract award.

3 (9) PROJECT DELIVERY. An individual identified in a response to a request for
4 qualifications or in a technical proposal may be replaced by a design-builder if the
5 office determines that the new individual meets the qualifications described in the
6 response to the request for qualifications or in the technical proposal and that the
7 individual's qualifications are at least equal to the qualifications of the individual
8 being replaced.

9 (10) LIABILITY. (a) Nothing in this section shall be construed as relieving a
10 design-builder of 3rd-party liability or liability for loss or damage to property of the
11 state or a county or municipality.

12 (b) All design services, including architectural and engineering services,
13 provided under a design-build contract are services and not products.

14 (11) STIPULATED FEE. (a) The department shall award a stipulated fee of not
15 less than three-tenths of 1 percent of the department's estimated cost of design and
16 construction as follows:

17 1. To each qualified responsible bidder that provides a responsive but
18 unsuccessful proposal when the office issues a notice of intent to award a contract.
19 If the request for proposals specifies a maximum fixed price, the office may not award
20 a fee to a proposal that exceeds the maximum fixed price.

21 2. To all qualified responsible bidders that provide a responsive proposal, if the
22 office does not issue a notice of intent to award a contract.

23 3. To all qualified responsible bidders if the office cancels the solicitation before
24 the technical review committee reviews technical proposals.
