¹ In Brown the total positions used is 13.00 rather than 14.00 because the 1.0 ADA sex predator position in Brown is excluded because it also serves approximately 20 other DA offices.

² In Buffalo the increase of 0.2 positions would be used to bring both part-time positions up to 0.6 positions which are then eligible for benefits.

³ The 0.5 GPR position in Washburn (0.25 position) that also serves Burnett (0.25 position) is divided by the position shown in parentheses.

⁴ DA did not request additional position authority.

⁵ In Milwaukee, the total positions used is 114.5 rather than higher due to the following factor: (a) the 1.0 DNA position serves the entire state; so, showing it as a Milwaukee position distorts the data; and (b) various PR positions had no federal funding and were vacant.

¹ In Brown the total positions used is 13.00 rather than 14.00 because the 1.0 ADA sex predator position in Brown is excluded because it also serves approximately 20 other DA offices.

² The 0.5 GPR position in Washburn (0.25 position) that also serves Burnett (0.25 position) is divided by the position shown in parentheses.

³ DA did not request additional position authority.

⁴ In Milwaukee, the total positions used is 114.5 rather than higher due to the following factor: (a) the 1.0 DNA position serves the entire state; so, showing it as a Milwaukee position distorts the data; and (b) various PR positions had no federal funding and were vacant.
